500 East San Antonio, Room 500
El Paso, Texas 79901
(915) 546-2048 / Fax: (915) 546-8180

ADDENDUM 6

To: All Interested Proposers

From: Lucy Balderama, Inventory Bid Technician

Date: May 8, 2008

Subject: BID # 08-036, (BID) Wiring of Data & Communication for MDR Building

[Bid opening has been extended to Wednesday, May 14, 2008 at 2:00 P.M.](#)

The following is additional information and clarification to Addendum 5.

1. If a datacom installer can provide an equal to Siemon or Panduit, and certified with another manufacture will the County accept their offer?
The County of El Paso currently has Panduit and Siemons installed in various county facilities. Per the bid specs the selected vendor would need to be able to support those county facilities and include support for the County Court House. The selected vendor would also take into consideration the warranty concerns of The County of El Paso's current cabling infrastructure. The County is using Panduit and Siemons and the selected vendor must be able to interconnect and honor warranty for this implementation. Furthermore, the County of El Paso would like to standardize on one manufacturer, that being Panduit.
-

2. In reference to page 20 of the bid under the conditions, it states "Brand name is for descriptive purposes only", does this answer the 1st question of or equal?

Please see question 1.
