ADDENDUM 1

To: All Interested Proposers

From: Linda Gonzalez, Inventory Bid Technician

Date: November 13, 2008

Subject: RFQ# 08-160, (RFQ) Architectural and Landscape Design Services for Ascarate Park

The Purchasing Department received questions relating to the above referenced proposal;

1. We understand the primary components in the scope of work to be the entrance to Ascarate Park, including signage, landscaping and toil booths, and a perimeter fence for the golf course. Does the scope of work for this RFQ include any other major elements?

Yes. We are interested in entrance lighting. The current lighting fixtures limit the kind of landscaping for the entrance. We trim the trees to resemble shrubs because of the existing poles and wires. We are interested in knowing if there is an effective and energy saving way to approach the entrance lighting.

2. Has proposed construction budget for the project been determined?

We have some ballpark estimates but these are only estimates. We are not asking for pricing this is a Request for Qualifications.

3. Has a fee budget range been established?

We have an estimated budget for the project and the fees are anticipated as part of that budget. We are not asking for pricing this is a Request for Qualifications
