El Paso County
Family District Court
65th Judicial District

Request for Proposal

Background

The 65th District Family Intervention Drug Court Program was developed in 1999 and the Family Preservation Drug Court in 2005. The focus of the Family Drug Courts is to reunify families and maintain a drug free life. The program provides collaborative and coordinated case management and treatment services to parents who have had their children removed or those at risk of having their children removed through the civil court process due to an open case with Child Protective Services. The mission is to provide parents the tools for a sober life and ability to accept the role of a parent. The Program is divided into three phases each with a set of specific requirements for successful completion, and closure of their CPS case.

Purpose:

To provide “Strengthening Families Program” (evidence based program) to parents and children involved in the Family Drug Court. The program will assist the families in becoming stable, and more effective in their roles as parents, sons/daughters, and avoid further involvement with the CPS System and substance use and abuse. Vendors must be able to adequately provide quality services to parents and children with complex issues presented by substance abuse, neglect, physical abuse, adolescent issues and provide the families considerable flexibility in the design and delivery of strength based interventions.

Other Requirements:

Services must be provided in the language of literacy and understanding to the parent and children.

Meet with Drug Court team on a weekly basis for court staffing; meet on a quarterly basis to address any issues that may hinder the effectiveness of treatment services being provided.

Progress reports submitted to the Drug Court Coordinator/Case manager will incorporate information necessary to make an acceptable determination of family’s progress or lack of progress at each staffing. Vender will be responsible for informing clients of limited confidentiality issues regarding progress or lack of progress. Vendor will be obligated to report to the Drug Court staff any active drug use.

An action plan shall be provided for any areas in which the family is not progressing. This Action Plan will be created with family, and team input with copies being distributed to all parties.

Progress must be based on specific measurable objectives, observable changes, and demonstrated ability to apply changes in current situation.

Services must be available on evening and weekends.

A pre and post test must be completed and submitted to the Drug Court Coordinator/Casemanager for determination of progression or regression of the client.

The Vendor must be available to communicate and staff cases with the Drug Court Team prior to each court hearing.

A progress report may also be requested at anytime by the Drug Court. The progress report shall identify progress or lack of progress that is based on clearly specified objective criteria, refusal or failure to attend or participate in treatment, failing to abide by the client's treatment plan and/or contract, or any disclosures regarding issues shall be clearly documented in treatment records.

Vendor will provide the Strengthening Families Program (SFP) curriculum. SFP sessions include all the critical core components of effective evidence-based parenting programs (CDC, 2008) including: parent and child practice time in the family sessions learning positive interactions, communication, and effective discipline.

The parenting sessions review appropriate developmental expectations, teach parents to interact positively with children (such as showing enthusiasm and attention for good behavior and letting the child take the lead in play activities, increasing attention and praise for positive children's behaviors, positive family communication including active listening and reducing criticism and sarcasm, family meetings to improve order and organization, and effective and consistent discipline including consequences and time-outs.
