ADDENDUM 2

To: All Interested Bidders
From: Araceli Hernandez, Inventory Bid Technician
Date: January 3, 2013
Subject: BID #12-079, CISCO Hardware and Smartnet Maintenance

This addendum has been issued to notify the vendors of the following questions submitted.

1. Under Section 2- Specifications – Alternate proposals are aloud if the vendor is able to offer a greater value than what has been offered in the RFP. We would like to submit a third party maintenance bid, showing that our service mirrors Cisco SMARTnet, but provides an added value by providing a quicker response time, coverage on end of life equipment along with new equipment, English speaking technicians and can save the county significantly off manufacture list pricing. If we submit our proposal, I would like to confirm that the proposal from us will be reviewed and evaluated along with any other bids submitted.

Response: NO, must be CISCO SmartNet, due to no accessibility to genuine CISCO IOS downloads if needed.

2. These 4 part numbers are missing digits:

Cisco3845-MB
7206VXR
N5K-C5048
ASA5510

Response:
