Dear Mr. Martinez:

The County Auditor's Internal Audit division performed an audit of the Juvenile Probation Department (JPD) financial records to determine if internal controls are adequate to ensure proper preparation of JPD financial reports. Policies, procedures, and regulations were also reviewed to ensure processes are documented, operating and efficient.

The audit report is attached. We tested seven financial controls and one operating control with a total of 157 samples. There were no findings noted as a result of the audit procedures. We wish to thank the management and staff of Juvenile Probation for their assistance and courtesies extended during this audit.

Because of certain statutory duties required of the County Auditor, this office is not independent in regard to your office, as defined by AICPA professional standards. However, our audit was performed with objectivity and due professional care.

Respectfully,

Subana Franco for Edward A. Dion

EXECUTIVE SUMMARY

BACKGROUND

The Juvenile Probation Department (JPD) is committed to transforming young lives and creating safer communities while holding youth accountable for their actions. They provide an effective system that gives youth access to services which enhance personal growth, development, and opportunities for a productive life. Juvenile justice jurisdiction is strictly regulated by state law but probation is administered at the county level. JPD collections consist of all fees associated with probation, supervision, court costs, and court ordered victim restitution. JPD uses an internally developed management software, Juvenile Management Information System (JMIS). Collections by the Juvenile courts for 2017, 2018, and 2019 are illustrated below. The “other” portion consists of state fees, restitution, placement support fees, summons fees, court ordered support fee to parents, due to others, and restitution to attorneys. JPD experienced a reduction in fees collected due to an initiative to waive all fees for cases that have been dismissed and are over two years old. Based on prior collection trends, the department concluded it was not cost effective to continuously charge families with contempt for failure to pay outstanding balances.

INHERENT LIMITATIONS

This financial review was designed to provide reasonable assurance that the internal control structure is adequate to safeguard the County's assets from loss, theft, or misuse. The County's internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of implementing the controls should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires the use of estimates and judgment by management. Because of the inherent limitations in any system of internal controls, errors or irregularities may occur and not be detected.

CONCLUSION

JPD continues to implement improvements in their operations and have met all the objectives of this audit. Therefore, no recommendations were provided in this report.
