Dear Mr. Stanley:

The County Auditor's Internal Audit division performed an audit of the Law Library financial records to determine if internal controls are adequate to ensure proper preparation of the Law Library financial reports. Policies, procedures, and regulations were also reviewed to ensure processes are documented, operating and efficient.

The audit report is attached. We tested three financial controls and three operating controls with a total of 65 samples. There were no findings noted as a result of the audit procedures. We wish to thank the management and staff of the Law Library for their assistance and courtesies extended during this audit.

Because of certain statutory duties required of the County Auditor, this office is not independent in regard to your office, as defined by AICPA professional standards. However, our audit was performed with objectivity and due professional care.

Sincerely,

Edward A. Dion
County Auditor

EXECUTIVE SUMMARY

BACKGROUND

The County Law Library provides traditional and electronic materials and services to meet the legal research needs of the professional and legal community. Collections include monies received for printer copies, pre-assembled packets, fax and notary services, and the sale of copy cards. There are also three coin-operated copy machines with proceeds deposited weekly. Financial information is recorded in the County's financial system, Enterprise ERP, with Tyler cashiering used to account for weekly collections. Collections for the past four fiscal years are illustrated below. Due to the Covid-19 pandemic, Law Library was closed to the public from March 2020 to June 2021 resulting in decreased collections in FY20 and FY21.

INHERENT LIMITATIONS

This financial review was designed to provide reasonable assurance that the internal control structure is adequate to safeguard the County's assets from loss, theft, or misuse. The County's internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of implementing the controls should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires the use of estimates and judgment by management. Because of the inherent limitations in any system of internal controls, errors or irregularities may occur and not be detected.

CONCLUSION

The County Law Library continues to maintain current controls in their operations and have met all five objectives of this audit. Therefore, no recommendations are provided in this report.
