El Paso, Texas 79905

Dear Mrs. Myers:

The County Auditor's Internal Audit division performed an audit of the Ascarate Golf Course's financial records to determine if internal controls are adequate to ensure proper preparation of the Ascarate Golf Course financial reports. Policies, procedures, and regulations were also reviewed to ensure processes are documented, operating, compliant and efficient.

The audit report is attached. We tested five financial controls and four operating controls with a total of 142 samples. There were no findings noted as a result of the audit procedures. We wish to thank the Parks and Recreation department for their assistance and courtesies extended during this audit.

Because of certain statutory duties required of the County Auditor, this office is not independent in regard to your office, as defined by AICPA professional standards. However, our audit was performed with objectivity and due professional care.

Respectfully,

Edward A. Dion
County Auditor

Ascarate Golf Course
For the period of March 2022 to February 2023

EXECUTIVE SUMMARY

BACKGROUND

The Ascarate Golf Course is a 27-hole facility that was designed by architect George Hoffman and has been open for business since 1955. This makes the Golf Course at Ascarate Park one of the oldest golf courses in El Paso. The Golf Course welcomes all golfers from individual tee times to golf tournaments year-round. The lighted practice facility and driving range makes it the ideal location to accommodate golfers practicing needs. The course also offers a Pro-Shop that is equipped with a wide range of merchandise and apparel. The Golf Course is managed by the Pro-Shop supervisor and the PGA Golf Professional. Daily transactions are entered into the Golf Course's point of sale system (RecWare) and are accounted for in the County's financial accounting system (Enterprise ERP). Financial reports can be generated from RecWare showing transactions on a daily, monthly, or yearly basis. Collections for fiscal years 2020, 2021, and 2022 are illustrated below.

**Ascarate Golf Course
For the period of March 2022 to February 2023**

EXECUTIVE SUMMARY

METHODOLOGY

To achieve the audit objectives, we:

- Interviewed staff to gain an understanding of their current documented policies and procedures over sales, lessons, customer service, tournaments, and Pro-Shop operations.
- Performed a surprise cash count in accordance with *LGC §115.0035*.
- Tested a sample of manual receipts for appropriate and timely posting to RecWare.
- Traced and tested a sample of daily deposit slips to the financial accounting system for compliance with *LGC §113.022*.
- Tested a sample of gift certificates to determine appropriate RecWare entry and use.
- Tested all void transactions entered in RecWare to determine proper documentation and approval.
- Traced a sample of purchase orders for segregation of duties between requisition entry, approvals, and receiving of items ordered.
- Reviewed the Youth Life Skills for Greater El Paso contract for compliance.
- Observed current security and operational processes and controls.

INHERENT LIMITATIONS

This financial review was designed to provide reasonable assurance that the internal control structure is adequate to safeguard the County’s assets from loss, theft, or misuse. The County’s internal control structure is designed to provide reasonable, but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of implementing the controls should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires the use of estimates and judgment by management. Because of the inherent limitations in any system of internal controls, errors or irregularities may occur and not be detected.

CONCLUSION

The Golf Course continues to implement improvements in their operations and have met all the objectives of this audit. Therefore, no recommendations were provided in this report.

FINDINGS AND ACTION PLANS

Prior Audit Findings Summarized with

M Closed

1. **Finding:** Five (17%) of 30 daily deposits sampled were not deposited in a timely manner. One was deposited four days late, one was two days late, and three were deposited a day late. Under *LGC §113.022*, collections are to be deposited with the county treasurer on or before the next business day; if this deadline cannot be met, the collections must be deposited, without exception, on or before the fifth business day after the day the money was received. Failure to comply with *LGC §113.022* may increase the risk of theft or misuse of funds. Using the same sample of 30, cash count sheets were reviewed and two (7%) were missing a secondary verification signature required by procedures. Secondary verification ensures oversight to reduce the risk of errors and help prevent and deter fraud.

Recommendation: Golf Course management should ensure deposits are prepared and deposited daily to ensure compliance with *LGC §113.022*. Cash counts sheets should also be reviewed and signed by management.

Action Plan: The Golf Course management will review deposit slips daily for accuracy and timely preparation. When any discrepancies are found, these will be addressed in a timely manner to ensure compliance with *LGC §113.022*. An alternate plan will be implemented to ensure deposits are completed in the event the designated personnel are not available.

2. **Finding:** All void transactions occurring during the audit scope were reviewed for accuracy. Two (67%) of 3 transactions reviewed failed to follow the current void policies and procedures as they were not recorded on the void transaction log and were missing the void receipt with the customer's signature. When a transaction is voided, policies and procedures require the cashier to log the void with an explanation, their initials, and the supervisor's initials. The customer must sign the void receipt as a verification control in the event the supervisor is not present. Management has stated that due to other Golf Course duties, it is difficult to always have a second individual present in the Pro Shop. Failure to follow the current void controls can lead to loss of revenue by creating an opportunity for fraud.

Recommendation: Management should follow documented procedures to verify all voids are appropriately processed and recorded in the void log daily, including documentation of customer signatures if required.

Action Plan: Management will retrain the current staff on procedures for voiding a transaction. This will lead to proper voiding procedures in a timely manner. Management will also run and review a void report periodically to ensure voids that took place were logged and reviewed.
