Subject: Loss of Oil Pressure may result in Engine Stall

Dear Ms. Kolodge:

This letter serves to acknowledge Chrysler Group LLC’s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
CHRYSLER/200/2013
DODGE/AVENGER/2013
JEEP/COMPASS/2014
JEEP/PATRIOT/2014

Mfr's Report Date: November 6, 2013

NHTSA Campaign Number: 13V-552

Components:
ENGINE

Potential Number of Units Affected: 522

Problem Description:
Chrysler Group LLC (Chrysler) is recalling certain model year 2013 Dodge Avenger and Chrysler 200, and model year 2014 Jeep Compass and Patriot vehicles equipped with 2.4L engines. Due to abrasive debris in the balance shaft bearings, these engines may have a loss of engine oil pressure, possibly resulting in an engine stall or engine failure.

Consequence:
If the engine stalls while driving it may increase the risk of a crash.

Remedy:
Chrysler will notify owners, and dealers will replace the engine balance shaft module, free of charge. The recall is expected to begin in December 2013. Owners may contact Chrysler at 1-800-247-9753. Chrysler's recall campaign number is N52.

Notes:
Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.
We have received Chrysler's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at http://www.safercar.gov/Vehicle +Manufacturers.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
