Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the Employer's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

“This group health plan believes this plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your [plan] may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at:

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Is Eligible

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a retired employee of an employer participating in this plan, and you:
 - Retired before the effective date of this plan and were covered under the prior plan for health care coverage on the day before you retired; or
 - Were covered under this plan or another plan sponsored by your employer on the day before you retired; and
 - Retire under your employer’s IRS-qualified retirement plan.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a full-time employee, as defined by your employer.

Service Waiting Period

Eligibility for Individual Coverage

Each full time employee who was covered under the prior Plan, if any, will be eligible on the Effective Date of this Plan. If you are a full time employee hired after the effective date of this plan, your coverage eligibility date is the 90th day of the continuous service with the County of El Paso. If a Participant separates from employment and the Participant is reinstated pursuant to the timeframes outlined in the County of El Paso policies the **service waiting period** will be waived.

Commissioners Court, in its discretion, may waive the 90 day waiting period pursuant to an interlocal agreement where: 1) such employees are current employees of another government agency that will become County employees under the terms of an agreement; 2) Commissioners Court concludes that such waiver will facilitate the implementation of the agreement; and, 3) such employees provide proof of coverage under the "sending " government agency's health plan; or as permitted by law. Any **Service Waiting Period** or portion thereof satisfied under the "sending" government agency's plan may be applied toward satisfaction of the County's **Service Waiting Period**.

Reinstatement

If you separate employment on good terms and are rehired in the eligible class within 30 days of your separation date, the service waiting period does not apply to you. If you are reinstated as a result of a civil service hearing or a reduction in force and hired in the eligible class within 6 months of your termination date, the service waiting period does not apply to you. Coverage will be effective on the date of reinstatement if proper enrollment is completed within 31 days of reinstatement.

Obtaining Coverage for Dependents

Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your dependent children.
- Your **Plus One Qualified Dependent** who meets the rules set by your employer.
- Dependent children of your **Plus One Qualified Dependent**.
- For retirees: your dependents that were enrolled on the Plan, as dependents, prior to your date of retirement.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for a Plus One Qualified Dependent

Plus One Qualifying Dependent

Plus One Qualifying Dependent eligibility is extended to an individual who meets all of the following criteria:

1. The Employee and **Plus One Qualifying Dependent** must have resided together in the same residence for at least twelve consecutive months and continue to do so for the **Plus One Qualifying Dependent** to remain eligible. Copies of the Employee and **Plus One Qualifying Dependent's** Driver's License or Government issued Identification Card listing a common address must be provided to the Plan Administrator;
2. The **Plus One Qualifying Dependent** must be eighteen years of age or older; and
3. The **Plus One Qualifying Dependent** must be financially interdependent with the Employee, sharing common financial obligations, as evidenced by three or more of the following documents (Financial Interdependence Documents), and continue to do so for the **Plus One Qualifying Dependent** to remain eligible. Copies of the Financial Interdependence Documents must be provided to the Plan Administrator:
 - a. Joint deed or mortgage agreement to demonstrate common ownership or real property or a common leasehold interest in real property;
 - b. A Title or Vehicle Registration showing common ownership of a motor vehicle;
 - c. Proof of joint bank accounts or credit accounts;
 - d. Proof of designation as the primary beneficiary for life insurance or retirements benefits;
 - e. Assignment of a durable property power of attorney or health care power of attorney.

Loss of Eligibility; Changes to Common Address or Financial Interdependence Documents. If the Employee and Plus One Qualifying Adult cease to reside together, or cease to share common financial obligations described in the Financial Interdependence Documents, the Plus One Qualifying Adult is no longer eligible to be a Dependent of the Employee. The Employee has an affirmative duty to inform the Plan Administrator of the change in status within 31 days. If the information on the Financial Interdependence Documents or Driver's license or Government issued Identification Card changes, the Employee must notify the Plan Administrator within 31 days and provide copies of the new documents, or risk loss of eligibility for the Plus One Qualifying Adult.

Note: Federal and/or State tax implications may arise when enrolling a Plus One Qualifying Adult as a Dependent under the Plan. Employees should contact his or her own tax consultant or attorney to address his or her specific situation.

Ineligible Individuals

The following individuals are not eligible for designation as a Plus One Qualifying Adult:

Parents;

Parents' other descendants (siblings, nieces, nephews);

Grandparents and descendants (aunts, uncles, cousins);

Step relatives; or

Renters, boarders, tenants, employees of the County Employee.

Coverage for Dependent Children

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child who lives with you in a parent-child relationship and any **Plus One Qualifying Dependent**.

Coverage for a disabled child may be continued past the age limits shown above. See *Disabled Dependent Children* for more information.

Benefits for the Survivors of Certain Public Servants

Eligible survivors of certain public servants, who died as a result of personal injury or illness sustained in the line of duty in the individual's position, as described, are entitled to purchase or continue to purchase health insurance benefits under Chapter 1551, Texas Insurance Code, as provided in this section.

A survivor is eligible if he or she is the surviving spouse of the individual or surviving dependent of the individual.

Certain Public Servants

This entitlement is available to eligible survivors of individuals who served in the following positions:

1. an individual elected, appointed, or employed as a peace officer by the state or a political subdivision of the state under Article 2.12, Code of Criminal Procedure, or other law;
2. a member of the class of employees of the correctional institutions division formally designated as custodial personnel under section 615.006 by the Texas Board of Criminal Justice or its predecessor in function;
3. a jailer or guard of a county jail who is appointed by the sheriff and who:
 - (a) performs a security, custodial, or supervisory function over the admittance, confinement, or discharge of prisoners; and
 - (b) is certified by the Commission on Law Enforcement
4. an individual who is employed by the state or a political or legal subdivision and is subject to certification by the Texas Commission on Fire Protection or an individual employed by the state or a political or legal subdivision whose principal duties are aircraft crash and rescue fire fighting who is employed by a political subdivision of the state; or
5. an individual who is employed by the state or a political subdivision of the state and who is considered by the governmental employer to be a trainee and is employed as a trainee for a position otherwise described in section 615.071 of the Texas Government Code.

Eligible Surviving Spouse

1. provided by or through a political subdivision under:
 - a. a health insurance policy or health benefit plan written by a health insurer; or
 - b. a self-insured health benefits plan.

2. under Chapter 172, Local Government Code.

The surviving spouse is entitled to purchase or continue to purchase health insurance coverage until the date the surviving spouse becomes eligible for federal Medicare benefits.

Eligible Surviving Dependent

An eligible surviving dependent who is a minor child is entitled to purchase or continue to purchase health insurance coverage until the date the dependent reaches the age of 26 or a later date to the extent required by state or federal law.

An eligible surviving dependent who is not a minor child is entitled to purchase or continue to purchase health insurance coverage until the earlier or:

1. the date the dependent becomes eligible for group health insurance through another employer; or
2. the date the dependent becomes eligible for federal Medicare benefits.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date. If you miss the enrollment period, you will not be able to participate in the plan until the next open enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Open Enrollment

During the open enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this open enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next open enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods

If one of these situations applies, you may enroll before the next open enrollment period. Special enrollment periods do not apply to the addition of retiree dependents who were not on the plan prior to retirement.

Loss of Other Health Care Coverage

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent open enrollments because, at that time:
 - You or your dependents were covered under other **creditable coverage**; and
 - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
 - The end of your employment;
 - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
 - The ending of the other plan's coverage;
 - Death;
 - Divorce or legal separation;
 - Employer contributions toward that coverage have ended;
 - COBRA coverage ends;
 - The employer's decision to stop offering the group health plan to the eligible class to which you belong;
 - Cessation of a dependent's status as an eligible dependent as such is defined under this Plan;
 - With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 31 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next open enrollment period.

New Dependents

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 31 days of acquiring the dependent. Other eligible dependents may be added within 31 days of acquiring and enrolling the new dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 31 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 31 days of the change. If you do not return the form within 31 days of the change, you will need to make the changes during the next open enrollment period.

If You Adopt a Child

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan's definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 31 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan's definition of an eligible dependent; and
- You request coverage for the child in writing within 31 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 31-day period.

If you do not request coverage for the child within the 31-day period, you will need to wait until the next open enrollment period unless coverage for dependents is required under a QMCSO. In that situation, the 31 day limitation does not apply and coverage may become effective as specified in the court documents.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins

Your Effective Date of Coverage

If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage

If your completed enrollment information is not received within 31 days of your eligibility date, the rules under the *Special Enrollment Periods* section will apply.

Important Notice:

You must pay the required contribution in full or coverage will not be effective.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to your employer within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the *Special Enrollment Periods* section will apply.

How Your Medical Plan Works

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of **illness or injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any **network** or **out-of-network physician, hospital** or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **network providers** or **out-of-network providers** under this plan.

Important Note

Network providers have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members. **Network providers** are generally identified in the printed **directory** and the on-line version of the **directory** via DocFind at www.aetna.com/docfind unless otherwise noted in this section. **Out-of-network providers** are not listed in the **Aetna directory**.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to

the *What the Plan Covers, Exclusions, Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a broad network of health care providers and facilities. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your **deductibles, copayments, and payment percentage** will generally be lower when you use **network providers** and facilities.

You also have the choice to access licensed **providers, hospitals** and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network** providers because the **deductibles, copayments, and payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Some services and supplies may only be covered through **network providers**. Refer to the *Covered Benefit* sections and your *Schedule of Benefits* to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

How Your Aetna Choice POS II Medical Plan Works

The Primary Care Physician:

To access network benefits, you are encouraged to select a **Primary Care Physician (PCP)** from **Aetna's** network of providers at the time of enrollment. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf.

You may search online for the most current list of participating providers in your area by using DocFind, **Aetna's** online provider directory at www.aetna.com. You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, or pediatrician. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or may direct you to other **network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**.

Changing Your PCP

You may change your **PCP** at any time on **Aetna's** website, www.aetna.com, or by calling the Member Services toll-free number on your identification card. The change will become effective upon **Aetna's** receipt and approval of the request.

Specialists and Other Network Providers

You may directly access **specialists** and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the **Aetna provider directory** to locate network **specialists, providers** and **hospitals** in your area. Refer to the *Schedule of Benefits* section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note

ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care **providers**. If you have not received your ID card or if your card is lost or stolen, notify **Aetna** immediately and a new card will be issued or you may print a card by going to www.aetna.com

Accessing Network Providers and Benefits

- You may select a **PCP** or other direct access **network provider** from the **network provider directory** or by logging on to **Aetna's** website at www.aetna.com. You can search **Aetna's** online **directory**, DocFind, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at any time.
- If a service or supply you need is covered under this Plan but not available from a **network provider** in your area, your **PCP** may refer you to an **out-of-network provider**. As long as your **PCP** has provided you with a **referral** that has been approved by **Aetna**, you will receive the network benefit level as shown in your *Schedule of Benefits*.
- If a service or supply you need is covered under this Plan but not available from a **network provider in your area**, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there are no additional out-of-pocket costs to you as a result of a **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- You will not have to submit medical claims for treatment received from network health care professionals and facilities. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** or facility less any cost sharing required by you. You will be responsible for **deductibles, payment percentage** and **copayments**, if any.
- You may be required to pay some **network providers** at the time of service. When you pay a **network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. Cost Sharing For Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Network providers** have agreed to accept the **negotiated charge**. Aetna will reimburse you for a **covered expense**, incurred from a **network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles**, **copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- You must satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles** and **payment percentage** are usually lower when you use **network providers** than when you use **out-of-network providers**.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible**, **copayment**, or **payment percentage** amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits

- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require **precertification** with Aetna to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from Aetna. Your provider may **precertify** the services for you. However, you should verify with Aetna prior to the service, that the provider has obtained **precertification** from Aetna. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to Aetna for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** that you paid directly to an **out-of-network provider**.
- When you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from Aetna. You must submit a completed claim form and proof of payment to Aetna. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards any **deductible**, or **payment percentage** amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Important Note

Failure to **precertify** services and supplies will result in a reduction of benefits or no coverage for the services or supplies under this Booklet. Please refer to the *Understanding Precertification* section for information on how to request **precertification**.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. **Cost Sharing** amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from an **out-of network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** is based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. Except for emergency services, **Aetna** will only pay up to the **recognized charge**.
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of network providers** than when you use **network providers**.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limits** that apply to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.

Understanding Precertification

Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below.

Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
For an emergency outpatient medical condition :	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission :	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an urgent admission :	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness ; the diagnosis of an illness ; or an injury .
For outpatient non-emergency medical services requiring precertification :	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna's** decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required, but not limited to, the following types of medical expenses:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition, your benefits will be reduced. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition, the plan will pay a reduced benefit, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your **PCP** if you think you need urgent care. **Network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **physician**, please do so as soon as possible after urgent care is provided. If you need help finding an **urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna's online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Non-Urgent Care

If you seek care from an **urgent care provider** for a **non-urgent condition**, (one that does not meet the criteria above), the plan will not cover the expenses you incur unless otherwise specified under the Plan. Please refer to the *Schedule of Benefits* for specific plan details.

Important Reminder

If you visit an **urgent care provider** for a **non-urgent condition**, the plan will not cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-urgent care received at a hospital or an urgent care provider unless otherwise specified.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies and **prescription drugs** must meet all of the following requirements:

1. The service or supply or **prescription drug** must be covered by the plan. For a service or supply or **prescription drug** to be covered, it must:
 - Be included as a covered expense in this Booklet;
 - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.
2. The service or supply or **prescription drug** must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply or **prescription drug** must be **medically necessary**. To meet this requirement, the medical services, supply or **prescription drug** must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service, supply or **prescription drug** that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

The **network** level of benefits is paid for a treatment received at a facility designated by the plan as an **Institute of Excellence™ (IOE)** for the type of transplant being performed. Each **IOE** facility has been selected to perform only certain types of transplants.

Services obtained from a facility that is not designated as an **IOE** for the transplant being performed will be covered as **network** services and supplies, if the facility is a **network** facility or is an **IOE** for other types of services. Services obtained from a facility that is not a network facility will be covered as out-of-network services and supplies

Covered transplant expenses are typically incurred during the four phases of transplant care described below. Expenses incurred for one transplant during these four phases of care will be considered one transplant occurrence.

A transplant occurrence is considered to begin at the point of evaluation for a transplant and end either 180 days from the date of the transplant; **or** upon the date you are discharged from the **hospital** or outpatient facility for the admission or visit(s) related to the transplant, whichever is later.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

1. Pre-transplant evaluation/screening: Includes all transplant-related professional and technical components required for assessment, evaluation and acceptance into a transplant facility’s transplant program;
2. Pre-transplant/candidacy screening: Includes HLA typing/compatibility testing of prospective organ donors who are immediate family members;
3. Transplant event: Includes inpatient and outpatient services for all covered transplant-related health services and supplies provided to you and a donor during the one or more surgical procedures or medical therapies for a transplant; **prescription drugs** provided during your inpatient **stay** or outpatient visit(s), including bio-medical and immunosuppressant drugs; physical, speech or occupational therapy provided during your inpatient **stay** or outpatient visit(s); cadaveric and live donor organ procurement; and
4. Follow-up care: Includes all covered transplant expenses; home health care services; home infusion services; and transplant-related outpatient services rendered within 180 days from the date of the transplant event.

If you are a participant in the **IOE** program, the program will coordinate all solid organ and bone marrow transplants and other specialized care you need. Any **covered expenses** you incur from an **IOE** facility will be considered network care expenses.

Your Pharmacy Benefit

How the Pharmacy Plan Works

It is important that you have the information and useful resources to help you get the most out of your **prescription drug** plan. This Booklet explains:

- Definitions you need to know;
- How to access **network pharmacies** and procedures you need to follow;
- What **prescription drug** expenses are covered and what limits may apply;
- What **prescription drug** expenses are not covered by the plan;
- How you share the cost of your covered **prescription drug** expenses; and
- Other important information such as eligibility, complaints and appeals, termination, and general administration of the plan.

A few important notes to consider before moving forward:

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your **prescription drug** plan pays benefits only for **prescription drug** expenses described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive **prescription drugs** that are not or might not be covered benefits under this **prescription drug** plan.
- Store this Booklet in a safe place for future reference.

Notice

The plan does not cover all **prescription drugs**, medications and supplies. Refer to the Limitations section of this coverage and *Exclusions* section of your Booklet.

- **Covered expenses** are subject to cost sharing requirements as described in the Cost Sharing sections of this coverage and in your Schedule of Benefits.
- **Injectable prescription drug** refills will only be covered when obtained through **Aetna’s specialty pharmacy network**.

Getting Started: Common Terms

You will find the terms below used throughout this Booklet. They are described within the sections that follow, and you can also refer to the *Glossary* at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the *Glossary*.

Brand-Named Prescription Drug is a **prescription drug** with a proprietary name assigned to it by the manufacturer and so indicated by Medispan or any other similar publication designated by **Aetna**.

Generic Prescription Drug is a **prescription drug**, whether identified by its chemical, proprietary, or non-proprietary name, that is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient and so indicated by Medispan or any other publication designated by **Aetna**.

Network pharmacy is a description of a retail, **mail order or specialty pharmacy** that has entered into a contractual agreement with **Aetna**, an affiliate, or a third party vendor, for the provision of **covered services** to you and your covered dependents. The appropriate **pharmacy** type may also be substituted for the word **pharmacy**. (E.g. **network retail pharmacy, network mail order pharmacy or specialty pharmacy network**).

Non-Preferred Drug (Non-Formulary) is a **brand-named prescription drug** or **generic prescription drug** that does not appear on the **preferred drug guide**.

Out-of-network pharmacy is a description of a **pharmacy** that has not contracted with **Aetna**, an affiliate, or a third party vendor and does not participate in the pharmacy network.

Preferred Drug (Formulary) is a **brand-named prescription drug** or **generic prescription drug** that appears on the **preferred drug guide**.

Preferred Drug Guide is a listing of **prescription drugs** established by **Aetna** or an affiliate, which includes both **brand-named prescription drugs** and **generic prescription drugs**. This list is subject to periodic review and modification by **Aetna**. A copy of the **preferred drug guide** will be available upon your request or may be accessed on the **Aetna** website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded **prescription** which, by State or Federal Law, may be dispensed only by **prescription** and which is required by Federal Law to be labeled “Caution: Federal Law prohibits dispensing without prescription.” This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to **covered benefits** through a network of pharmacies, vendors or suppliers. **Aetna** has contracted for these **network pharmacies** to provide **prescription drugs** and other supplies to you.

Obtaining your benefits through **network pharmacies** has many advantages. Your out-of-pocket costs may vary between **network** and **out-of-network benefits**. Benefits and cost sharing may also vary by the type of **network pharmacy** where you obtain your **prescription drug** and whether or not you purchase a brand-name or generic drug. **Network pharmacies** include retail, mail order and specialty pharmacies.

Accessing Network Pharmacies and Benefits

You may select a **network pharmacy** from Aetna’s on-line provider directory which can be found at www.aetna.com. You can search Aetna’s online directory, DocFind, for names and locations of **network pharmacies**. If you cannot locate a **network pharmacy** in your area, call Member Services at the number on your ID card.

You must present your ID card to the **network pharmacy** every time you get a **prescription** filled to be eligible for **network pharmacy benefits**. The **network pharmacy** will calculate your claim online. You will pay any **deductible**, **copayment** or **coinsurance** directly to the **network pharmacy**. You do not have to complete or submit claim forms. The **network pharmacy** will take care of claim submission.

Emergency Prescriptions

When you need a **prescription** filled in an emergency or urgent care situation, or when you are traveling, you can obtain **network pharmacy** benefits by filling your **prescription** at any **network pharmacy**. The **network pharmacy** will fill your **prescription** and only charge you your plan’s cost sharing amount.

If you access an **out-of-network pharmacy** you will pay the full cost of the **prescription** and will need to file a claim for reimbursement. You will be reimbursed for your **covered expenses** up to the cost of the **prescription** less your plan's cost sharing for **network pharmacy** benefits.

Availability of Providers

Aetna cannot guarantee the availability or continued network participation of a particular **pharmacy**. Either Aetna or any **network pharmacy** may terminate the provider contract.

Cost Sharing for Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for the **copayment** for each **prescription** or refill as specified in the *Schedule of Benefits*. The **copayment** is payable directly to the **network pharmacy** at the time the **prescription** is dispensed.
- After you pay the applicable **copayment**, you will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your **payment percentage** is determined by applying the applicable **payment percentage** to the **negotiated charge** if the **prescription** is filled at a **network pharmacy**. When you obtain your **prescription drugs** through a **network pharmacy**, you will not be subject to balance billing.

When You Use an Out-of-Network Pharmacy

You can directly access an out-of-network **pharmacy** to obtain covered outpatient **prescription drugs**. You will pay the **pharmacy** for your **prescription drugs** at the time of purchase and submit a claim form to receive reimbursement from the plan. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an out-of-network **pharmacy**. The Plan will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your payment percentage share is based on the **recognized charge**. If the **out-of-network pharmacy** charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**.

Pharmacy Benefit

What the Plan Covers

The plan covers charges for **medically necessary** outpatient **prescription drugs** for the treatment of an **illness** or injury, subject to the *Prescription Drug Limitations* section below and the *Exclusions* section of the *Booklet*. **Prescriptions** must be written by a **prescriber** licensed to prescribe federal legend **prescription drugs**.

Your prescription drug benefit coverage is based on Aetna's **preferred drug guide**. Your out-of-pocket expenses may be higher if your **physician** prescribes a covered **prescription drug** not appearing on the **preferred drug guide**.

Preferred generic prescription drugs may be substituted by your pharmacist for **brand-name prescription drugs**. You may minimize your out-of-pocket expenses by selecting a **generic prescription drug** when available. If a **prescriber** prescribes a covered **brand-name prescription drug** where a **generic prescription drug** equivalent is available and specifies "Dispense As Written" (DAW), you will pay the cost sharing for the **brand-name prescription drug**. If you request a covered brand-name **prescription drug** where a **generic prescription drug** equivalent is available you will be responsible for the cost difference between the **brand-name prescription drug** and the **generic prescription drug** equivalent, plus the applicable cost sharing.

Coverage of **prescription drugs** may, in Aetna's sole discretion, be subject to **precertification**, **step therapy** or other Aetna requirements or limitations. **Prescription drugs** covered by this plan are subject to drug and narcotic

utilization review by **Aetna**, your **provider** and/or your **network pharmacy**. This may include limiting access of **prescription drugs prescribed** by a specific **provider**. Such limitation may be enforced in the event that **Aetna** identifies an unusual pattern of claims for **covered expenses**.

Coverage for **prescription drugs** and supplies is limited to the supply limits as described below.

Retail Pharmacy Benefits

Outpatient **prescription drugs** are covered when dispensed by a **network retail pharmacy**. Each **prescription** is limited to a maximum 30 day supply when filled at a **network retail pharmacy**. **Prescriptions** for more than a 30 day supply are not eligible for coverage when dispensed by a **network retail pharmacy**.

Mail Order Pharmacy Benefits

Outpatient **prescription drugs** are covered when dispensed by a **network mail order pharmacy**. Each **prescription** is limited to a maximum 90 day supply when filled at a **network mail order pharmacy**. **Prescriptions** for less than a 30 day supply or more than a 90 day supply are not eligible for coverage when dispensed by a **network mail order pharmacy**.

Network Benefits for Specialty Care Drugs

Specialty care drugs are covered at the network level of benefits only when dispensed through a **network retail pharmacy** or **Aetna's specialty pharmacy network**. Refer to **Aetna's** website, www.aetna.com to review the list of **specialty care drugs** required to be dispensed through a **retail pharmacy** or **Aetna's specialty pharmacy network**. The list may be updated from time to time.

The initial prescription for **specialty care drugs** must be filled at a **network retail pharmacy** or at **Aetna's specialty pharmacy network**.

You are required to obtain **specialty care drugs** at **Aetna's specialty pharmacy network** for all prescription drug refills after the initial fill.

Other Covered Expenses

The following **prescription drugs**, medications and supplies are also **covered expenses** under this Coverage.

Off-Label Use

FDA approved **prescription drugs** may be covered when the off-label use of the drug has not been approved by the FDA for that indication. The drug must be recognized for treatment of the indication in one of the standard compendia (the United States Pharmacopoeia Drug Information, the American Medical Association Drug Evaluations, or the American Hospital Formulary Service Drug Information). Or, the safety and effectiveness of use for this indication has been adequately demonstrated by at least one study published in a nationally recognized peer review journal. Coverage of off label use of these drugs may, in **Aetna's** sole discretion, be subject to **precertification, step-therapy** or other **Aetna** requirements or limitations.

- Diabetic needles and syringes.
- Test strips for glucose monitoring and/or visual reading.
- Diabetic test agents.

Covered expenses include charges made by a network **pharmacy** for the following contraceptive methods when prescribed by a **prescriber** and the **prescription** is submitted to the pharmacist for processing:

- Member oral and injectable contraceptives that are **generic prescription drugs** and **brand-name prescription drugs**.
- Member contraceptive devices.
- FDA-approved member generic emergency contraceptives; and.
- FDA-approved member generic over-the-counter (OTC) contraceptives.

Important Note:

This Plan does not cover all contraceptives. For a current listing, contact Member Services by logging onto the Aetna website at www.aetna.com or calling the toll-free number on the back of the ID card.

Contraceptives can be paid either under your medical plan or pharmacy plan depending on the type of expense and how and where the expense is incurred. Benefits are paid under your medical plan for member contraceptive prescription drugs and devices (including any related services and supplies) when they are provided, administered, or removed, by a physician during an office visit.

Refer to the *Copay and Deductible Waiver* section of your *Schedule of Benefits* for cost-sharing information.

Important Notes:

1. The Copay and Deductible Waiver does not apply to contraceptive methods that are:
 - **brand-name prescription drugs**;
 - FDA-approved member brand-name emergency contraceptives.
 - FDA-approved member brand-name over-the-counter (OTC) contraceptives.

However, the Copay and Deductible Waiver does apply when:

- such contraceptive methods are not available within the same **therapeutic drug class**; or
- a generic equivalent, or generic alternative, within the same **therapeutic drug class** is not available; and
- you are granted a medical exception. Refer to *Medical Exceptions* in the *Precertification* section for information on how you or your **prescriber** can obtain a medical exception.

2. A *generic equivalent* contains the identical amounts of the same active ingredients as the **brand-name prescription drug** or device. A *generic alternative* is used for the same purpose, but can have different ingredients or different amounts of ingredients.

Lifestyle/Performance Drugs

The following lifestyle/performance drugs:

- Sildenafil Citrate, phentolamine, apomorphine and alprostadil in oral, injectable and topical (including but not limited to gels, creams, ointments and patches) forms or any other form used internally or externally. Expenses include any prescription drug in oral or topical form that is similar or identical class, has a similar or identical mode of action or exhibits similar or identical outcomes.
- Coverage is limited to 8 pills or other form, determined cumulatively among all forms, for unit amounts as determined by **Aetna** to be similar in cost to oral forms, per 30 day supply. Mail order and 60 to 90 day supplies are not covered.

Precertification

Precertification is required for certain outpatient **prescription drugs**. **Prescribers** must contact **Aetna** to request and obtain coverage for such **prescription drugs**. The list of drugs requiring **precertification** is subject to periodic review and change by **Aetna**. For the most up to date information, call the toll-free number on your member ID card or log on to your Aetna Navigator secure member website at www.aetna.com.

Benefits will be reduced or denied if **Aetna** does not **precertify** your **prescription drug**. So ask your **prescriber** or pharmacist if your **prescription drug** needs to be **precertified**.

How to Obtain Precertification

If an outpatient **prescription drug** requires **precertification** and you use a **network pharmacy** the **prescriber** is required to obtain **precertification** for you.

When you use an **out-of-network pharmacy**, you can begin the **precertification** process by having the **prescriber** call **Aetna** at the number on your ID card.

Aetna will let your **prescriber** know if the **prescription drug** is **precertified**.

If **precertification** is denied **Aetna** will notify you how the decision can be appealed.

Step Therapy

Step therapy is a type of **precertification**. With **step therapy**, some **prescription drugs** will not be covered until you try one or more “prerequisite therapy” **prescription drugs**. Your **prescriber** can ask for a medical exception which is detailed below.

The plan will not cover the **step therapy** drug if you do not try a prerequisite therapy **prescription drug** first or if your **prescriber** does not get a medical exception.

Step therapy and prerequisite therapy **prescription drugs** are on the **Aetna preferred drug guide** available upon request or on your Aetna Navigator secure member website at www.aetna.com. The list of **step therapy** drugs are subject to change by **Aetna**.

Medical Exceptions:

Your **prescriber** may seek a medical exception to obtain coverage for drugs for which coverage is denied through **Precertification** or **Step Therapy**. The **prescriber** must submit such exception requests to Aetna. Coverage granted as a result of a medical exception shall be based on an individual, case by case **medical necessity** determination and coverage will not apply or extend to other covered persons.

Pharmacy Benefit Limitations

A **network pharmacy** may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

The plan will not cover expenses for any **prescription drug** for which the actual charge to you is less than the required **copayment** or **deductible**, or for any **prescription drug** for which no charge is made to you.

You will be charged the **out-of-network prescription drug cost sharing** for **prescription drugs** recently approved by the FDA, but which have not yet been reviewed by the Aetna Health Pharmacy Management Department and Therapeutics Committee.

Aetna retains the right to review all requests for reimbursement and in its discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet.

Aetna reserves the right to include only one manufacturer's product on the **preferred drug list** when the same or similar drug (that is, a drug with the same active ingredient), supply or equipment is made by two or more different manufacturers.

Aetna reserves the right to include only one dosage or form of a drug on the **preferred drug list** when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers. The product in the dosage or form that is listed on our **preferred drug list** will be covered at the applicable **copayment** or **coinsurance**.

The number of **copayments/deductibles** you are responsible for per vial of Depo-Provera, an injectable contraceptive, or similar type contraceptive dispensed for more than a 30 day supply, will be based on the 90 day supply level. Coverage is limited to a maximum of 5 vials per calendar year.

The plan will not pay charges for any **prescription drug** dispensed by a **mail order pharmacy** for the treatment of erectile dysfunction, impotence or sexual dysfunction or inadequacy.

Some **prescription drugs** are subject to quantity limits. These quantity limits help your **prescriber** and pharmacist check that your **prescription drug** is used correctly and safely. **Aetna** relies on medical guidelines, FDA-approved recommendations from drug makers and other criteria developed by **Aetna** to set these quantity limits. The quantity limit may restrict either the amount dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to a single commercially prepackaged item excluding insulin, diabetic supplies, test strips dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to 100 units excluding insulin dispensed per **prescription** order or refill.

Any **prescription drug** that has duration of action extending beyond one (1) month shall require the number of **copayments** per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) **copayments**.

Specialty care prescription drugs may have limited access or distribution and are subject to supply limits.

Plan approved blood glucose meters, asthma holding chambers and peak flow meters are **eligible health services**, but are limited to one (1) **prescription** order per **contract year**.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees;
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan's definition of a dependent; or
- Retirees: If coverage is terminated for your eligible dependents, the dependents will no longer be eligible to re-enroll at a later date.

In addition, a **Plus One Qualified Dependent** will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for **Plus One Qualified Dependent**.
- The date of termination of the Plus One Qualifying relationship. In that event, you should provide your Employer a completed and signed Declaration of Termination of "Plus One Qualified Dependent" form.

Continuation of Coverage

Continuing Health Care Benefits

Continuing Coverage for Dependents After Your Death for Peace Officers

If you should die while enrolled in this plan, your dependent's health care coverage (except dental coverage), if applicable will continue as long as eligible survivors of certain public servants, who died as a result of personal injury or illness sustained in the line of duty in the individual's position, as described, are entitled to purchase or continue to purchase health insurance benefits under Chapter 1551, Texas Insurance Code,

- Eligible surviving dependents of a deceased individual who was employed by a political subdivision of the state is entitled to purchase or continue to purchase health insurance benefits from the political subdivision that employed the deceased individual, including health coverage;
- A request is made for continued coverage within 180 days after your death; and

Your dependent's coverage will end when the first of the following occurs:

- He or she no longer meets the plan's definition of "dependent";
- Dependent coverage is discontinued under the group contract;
- He or she becomes eligible for comparable benefits under this or any other group plan; or
- Any required contributions stop; and
- For your spouse, the date he or she remarries.

If your dependent's coverage is being continued for your dependents, a child born after your death will also be covered.

Disabled Dependent Children

Health Expense Coverage for your fully disabled dependent child may be continued past the maximum age for a dependent child. Your child is fully disabled if:

- he or she is not able to earn his or her own living because of an intellectual development disability or a physical disability which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully disabled must be submitted to **Aetna** no later than 30 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the disability.
- Failure to give proof that the disability continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the disability. **Aetna** also has the right to examine your child as often as needed while the disability continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Continuation During COBRA - Introduction

What is Cobra Continuation?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you’re an employee, you’ll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced below the minimum hourly requirement for benefit eligibility, or
- Your employment ends for any reason other than your gross misconduct.

If you’re the spouse of an employee, you’ll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse’s hours of employment are reduced below the minimum hourly requirement for benefit eligibility;
- Your spouse’s employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to *The County of El Paso*, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 31 days after the qualifying event occurs. You must provide this notice to: The County of El Paso in writing along with proof of the qualifying event.

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work below the minimum hourly requirement for benefit eligibility. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 31st day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. **You must provide this notice to: The County of El Paso in writing along with proof.**

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If you have questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about the Marketplace, visit www.HealthCare.gov.

Keep your Plan informed of address changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

The Plan Administrator is:
County of El Paso
Plan Administrator
500 E. Overland
El Paso, Texas 79901
(915) 546-2218

Notice forms are available from the Plan Administrator and must be used when providing the notice.

Contribution and/or Premium Requirements

Once COBRA Continuation Coverage is elected, the individual must pay for the cost of the initial period of coverage within 45 days. Payments then are due on the first day of each month to continue coverage for that month. If a payment is not received within 30 days of the due date, COBRA Continuation Coverage will be canceled and will not be reinstated.

In addition, COBRA Continuation Coverage may be terminated by the member before the end of the initial COBRA eligibility period, in which they were eligible. A written request must be submitted in writing requesting a termination. COBRA termination requests will be made prospectively and not retroactively.

The aforementioned continuation benefits also apply to Plus One Qualifying Adults and their eligible Dependent Children.

Coordination of Benefits - What Happens When There is More Than One Health Plan

When Coordination of Benefits Applies

Getting Started - Important Terms

Which Plan Pays First

How Coordination of Benefits Works

When Coordination of Benefits Applies

This Coordination of Benefits (COB) provision applies to This Plan when you or your covered dependent has health coverage under more than one plan. “Plan” and “This Plan” are defined herein. The Order of Benefit Determination Rules below determines which plan will pay as the primary plan. The primary plan pays first without regard to the possibility that another plan may cover some expenses. A secondary plan pays after the primary plan and may reduce the benefits it pays so that payments from all group plans do not exceed 100% of the total allowable expense.

Getting Started - Important Terms

When used in this provision, the following words and phrases have the meaning explained herein.

Allowable Expense means a health care service or expense, including, coinsurance and **copayments** and without reduction of any applicable **deductible**, that is covered at least in part by any of the Plans covering the person. When a Plan provides benefits in the form of services the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a health care provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an allowable expense. The following are examples of expenses and services that are not allowable expenses:

1. If a covered person is confined in a private **hospital** room, the difference between the cost of a semi-private room in the **hospital** and the private room is not an allowable expense. This does not apply if one of the Plans provides coverage for a private room.
2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of reasonable or **recognized charges**, any amount in excess of the highest of the reasonable or **recognized charges** for a specific benefit is not an allowable expense.
3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated charges, an amount in excess of the highest of the negotiated charges is not an allowable expense.
4. The amount a benefit is reduced or not reimbursed by the primary Plan because a covered person does not comply with the Plan provisions is not an allowable expense. Examples of these provisions are second surgical opinions, precertification of admissions, and preferred provider arrangements.
5. If all Plans covering a person are high deductible Plans and the person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high deductible Plan’s deductible is not an allowable expense, except as to any health expense that may not be subject to the deductible as described in section 223(c)(2)(C) of the Internal Revenue Code of 1986.

If a person is covered by one Plan that computes its benefit payments on the basis of reasonable or **recognized charges** and another Plan that provides its benefits or services on the basis of negotiated charges, the primary plan’s

payment arrangements shall be the allowable expense for all the Plans. However, if the secondary plan has a negotiated fee or payment amount different from the primary plan and if the provider contract permits, that negotiated fee will be the allowable expense used by the secondary plan to determine benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be deemed an allowable expense and a benefit paid.

Closed Panel Plan(s). A plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent. A parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan. Any Plan providing benefits or services by reason of health care or treatment, which benefits or services are provided by one of the following:

- Group or nongroup, blanket, or franchise health insurance policies issued by insurers, including health care service contractors;
- Other prepaid coverage under service Plan contracts, or under group or individual practice;
- Uninsured arrangements of group or group-type coverage;
- Labor-management trustee Plans, labor organization plans, employer organization Plans, or employee benefit organization Plans;
- Medical benefits coverage in a group, group-type, and individual automobile “no-fault” and traditional automobile “fault” type contracts;
- Medicare or other governmental benefits;
- Other group-type contracts. Group type contracts are those which are not available to the general public and can be obtained and maintained only because membership in or connection with a particular organization or group.

If the Plan includes medical, prescription drug, dental, vision and hearing coverage, those coverages will be considered separate plans. For example, Medical coverage will be coordinated with other Medical plans, and dental coverage will be coordinated with other dental plans.

This Plan is any part of the contract that provides benefits for health care expenses.

Primary Plan/Secondary Plan. The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

When This Plan is a primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan’s benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan’s benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Which Plan Pays First

When two or more **plans** pay benefits, the rules for determining the order of payment are as follows:

- The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
- A plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to

supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan **hospital** and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.

- A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
- The first of the following rules that describes which plan pays its benefits before another plan is the rule to use:
 1. **Non-Dependent or Dependent.** The plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is primary and the plan that covers the person as a dependent is secondary. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent; and primary to the plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.
 2. **Child Covered Under More than One Plan.** The order of benefits when a child is covered by more than one **plan** is:
 - A. The primary plan is the plan of the parent whose birthday is earlier in the year if:
 - i. The parents are married or living together whether or not married;
 - ii. A court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage or if the decree states that both parents are responsible for health coverage. If both parents have the same birthday, the plan that covered either of the parents longer is primary.
 - B. If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health coverage for the dependent child's health care expenses, but that parent's spouse does, the plan of the parent's spouse is the primary plan.
 - C. If the parents are separated or divorced or are not living together whether or not they have ever been married and there is no court decree allocating responsibility for health coverage, the order of benefits is:
 - The plan of the **custodial parent**;
 - The plan of the spouse of the **custodial parent**;
 - The plan of the **noncustodial parent**; and then
 - The plan of the spouse of the **noncustodial parent**.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits should be determined as outlined above as if the individuals were the parents.

3. **Active Employee or Retired or Laid off Employee.** The plan that covers a person as an employee who is neither laid off nor retired or as a dependent of an active employee, is the primary plan. The plan covering that same person as a retired or laid off employee or as a dependent of a retired or laid off employee is the secondary plan. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.
4. **Continuation Coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this

rule is ignored. This rule will not apply if the Non-Dependent or Dependent rules above determine the order of benefits.

5. Longer or Shorter Length of Coverage. The plan that covered the person as an employee, member, subscriber longer is primary.
6. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this provision. In addition, this plan will not pay more than it would have paid had it been primary.

How Coordination of Benefits Works

In determining the amount to be paid when this plan is secondary on a claim, the secondary plan will calculate the benefits that it would have paid on the claim in the absence of other health insurance coverage and apply that amount to any allowable expense under this plan that was unpaid by the primary plan. The amount will be reduced so that when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total allowable expense.

In addition, a secondary plan will credit to its plan deductible any amounts that would have been credited in the absence of other coverage.

Under the COB provision of this plan, the amount normally reimbursed for covered benefits or expenses under this plan is reduced to take into account payments made by other plans. The general rule is that the benefits otherwise payable under this plan for all covered benefits or expenses will be reduced by all other plan benefits payable for those expenses. When the COB rules of this plan and another plan both agree that this plan determines its benefits before such other plan, the benefits of the other plan will be ignored in applying the general rule above to the claim involved. Such reduced amount will be charged against any applicable benefit limit of this coverage.

If a covered person is enrolled in two or more closed panel plans COB generally does not occur with respect to the use of panel providers. However, COB may occur if a person receives emergency services that would have been covered by both plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits under this plan and other plans. **Aetna** has the right to release or obtain any information and make or recover any payments it considers necessary in order to administer this provision.

Facility of Payment

Any payment made under another plan may include an amount, which should have been paid under this plan. If so, **Aetna** may pay that amount to the organization, which made that payment. That amount will then be treated as though it were a benefit paid under this plan. **Aetna** will not have to pay that amount again. The term “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by **Aetna** is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When You Have Medicare Coverage

Which Plan Pays First

How Coordination with Medicare Works

What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions

Clerical Error/Delay

Clerical errors on the records of the Plan and delays in making entries on such records shall not invalidate coverage nor cause coverage to be in force or to continue in force. Rather, the Effective Dates of coverage shall be determined solely in accordance with the provisions of this Plan regardless of whether any contributions with respect to Participants have been made or have to be made because of such errors or delays. Upon discovery of any such error or delay, an equitable adjustment of any such contributions will be made.

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after one year from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- The plan may be changed or discontinued with respect to your coverage.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or
- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with **Aetna** and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source possessing funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan. If you fail to cooperate with the plan in its efforts to recover such amounts or do anything to hinder or prevent such a recovery, you will cease to be entitled to any further plan benefits. The plan will also have the right to withhold or offset future benefit payments up to the amount of any settlement, judgment, or recovery you obtain, regardless of whether the settlement, judgment or recovery is designated to cover future medical benefits or expenses.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq.*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 1 year after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use **Aetna's** toll free Member Services phone number on your ID card or visit **Aetna's** web site at www.aetna.com.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment, payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claim Procedures; Payment of Claims

The procedures outlined below must be followed by Participants to obtain payment of health benefits under this Plan.
Health Claims

All claims and questions regarding health claims should be directed to the Claims Administrator. The Plan Administrator shall be ultimately and finally responsible for adjudicating such claims and for providing full and fair review of the decision on such claims in accordance with the following provisions. Benefits under the Plan will be paid only if the Plan Administrator decides in its discretion that the Participant is entitled to them. The responsibility to process claims in accordance with the Summary Plan Description may be delegated to the Third Party Administrator; provided, however, that the Third Party Administrator is not a fiduciary of the Plan and does not have the authority to make decisions involving the use of discretion.

Each Participant claiming benefits under the Plan shall be responsible for supplying, at such times and in such manner as the Plan Administrator in its discretion may require, written proof that the expenses were incurred or that the benefit is covered under the Plan. If the Plan Administrator in its discretion determines that the Participant has not incurred a covered expense or that the benefit is not covered under the Plan, or if the Participant fails to furnish such proof as is requested, no benefits shall be payable under the Plan.

A call from a Provider who wants to know if an individual is covered under the Plan, or if a certain procedure is covered by the Plan, prior to providing treatment is not a “claim,” since an actual claim for benefits is not being filed with the Plan. These are simply requests for information, and **any response is not a guarantee of benefits, since payment of benefits is subject to all Plan provisions, limitations and exclusions.** Once treatment is rendered, a Clean Claim must be filed with the Plan (which will be a “Post-service Claim”). At that time, a determination will be made as to what benefits are payable under the Plan.

Benefits will be payable to a Plan Participant, or to a Provider that has accepted an assignment of benefits as consideration in full for services rendered.

According to Federal regulations which apply to the Plan, there are four types of claims: Pre-service (Urgent and Non-urgent), Concurrent Care and Post-service. However, as noted below, because of this Plan’s design, there are no Pre-service Urgent Care Claims which may be filed with the Plan.

1. Pre-service Claims. A “Pre-service Claim” is a claim for a benefit under the Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care. However, if the Plan does not require the Participant to obtain approval of a medical service prior to getting treatment, then there is no “Pre-service Claim.” The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

A “Pre-service Urgent Care Claim” is any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations could seriously jeopardize the life or health of the Participant or the Participant’s ability to regain maximum function, or, in the opinion of a physician with knowledge of the Participant’s medical condition, would subject the Participant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If a Participant needs medical care for a condition which could seriously jeopardize his or her life, obtain such care without delay, and communicate with the Plan as soon as reasonably possible.

The Plan does not require the Participant to obtain approval of any urgent care or emergency medical services or admissions prior to getting treatment for an urgent care or emergency situation, so there are no “Pre-service Urgent Care Claims” under the Plan.

with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim. Pre-admission certification of a non-emergency Hospital admission is a “claim” only to the extent of the determination made – that the type of procedure or condition warrants Inpatient confinement for a certain number of days. The rules regarding Pre-service Claims will apply to that determination only. Once a Participant has the treatment in question, the claim for benefits relating to that treatment will be treated as a Post-service Claim.

2. Concurrent Claims. A “Concurrent Claim” arises when the Plan has approved an on-going course of treatment to be provided over a period of time or number of treatments, and either:

- a. The Plan determines that the course of treatment should be reduced or terminated; or
- b. The Participant requests extension of the course of treatment beyond that which the Plan has approved.

If the Plan does not require the Participant to obtain approval of a medical service prior to getting treatment, then there is no need to contact the Plan Administrator to request an extension of a course of treatment. The Participant simply follows the Plan’s procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

3. Post-service Claims. A “Post-service Claim” is a claim for a benefit under the Plan after the services have been rendered.

When Claims Must Be Filed

Claims (which must be Clean Claims) must be filed with the Claims Administrator no later than March 31 of the following calendar year. Benefits are based upon the Plan’s provisions at the time the charges were incurred. Charges are considered incurred when treatment or care is given or supplies are provided. **Claims filed later than that date shall be denied.**

A Pre-service Claim (including a Concurrent Claim that also is a Pre-service Claim) is considered to be filed when the request for approval of treatment or services is made and received by the Claims Administrator in accordance with the Plan’s procedures. However, a Post-service Claim is considered to be filed when the following information is received by the Claims Administrator, together the proper claim forms:

1. The date of service;
2. The name, address, telephone number and tax identification number of the Provider of the services or supplies;
3. The place where the services were rendered;
4. The diagnosis and procedure codes;
5. The amount of charges;
6. The name of the Plan;
7. The name of the covered Plan Participant; and
8. The name of the patient.

Upon receipt of this information, the claim will be deemed to be initiated with the Plan.

The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim (a Clean Claim). If not, more information may be requested as provided herein. This additional information must be received by the Claims Administrator within 45 days (48 hours in the case of Pre-service Urgent Care Claims) from receipt by the Participant of the request for additional information. **Failure to do so may result in claims being declined or reduced.**

Timing of Claim Decisions

Upon receiving a Clean Claim, the Claims Administrator shall notify the Participant, in accordance with the provisions set forth below, of any adverse benefit determination (and, in the case of Pre-service Claims and Concurrent Claims, of decisions that a claim is payable in full) within the following timeframes:

1. Pre-service Non-urgent Care Claims.

a. If the Participant has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15-day extension period.

b. If the Participant or a Provider has not provided all of the information needed to process the claim (a Clean Claim has not been submitted), then the Participant will be notified by Claims Administrator as to what specific information is needed as soon as possible, after receipt of the claim. The Participant will be notified of a determination of benefits within a reasonable period of time appropriate to the medical circumstances, either prior to the end of the extension period (if additional information was requested during the initial processing period), or by the date agreed to by the Claims Administrator and the Participant (if additional information was requested during the extension period).

2. Concurrent Claims:

a. **Plan Notice of Reduction or Termination.** If the Claims Administrator is notifying the Participant of a reduction or termination of a course of treatment (other than by Plan amendment or termination), before the end of such period of time or number of treatments, the Participant will be notified sufficiently in advance of the reduction or termination to allow the Participant to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.

b. **Request by Participant Involving Urgent Care.** If the Claims Administrator receives a request from a Participant to extend the course of treatment beyond the period of time or number of treatments that is a claim involving Urgent Care, as soon as possible, taking into account the medical exigencies, but not later than 24 hours after receipt of the claim, as long as the Participant makes the request at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. If the Participant submits the request with less than 24 hours prior to the expiration of the prescribed period of time or number of treatments, the request will be treated as a claim involving Urgent Care and decided within the Urgent Care timeframe.

c. **Request by Participant Involving Non-urgent Care.** If the Claims Administrator receives a request from the Participant to extend the course of treatment beyond the period of time or number of treatments that is a claim not involving Urgent Care, the request will be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim (either as a Pre-service Non-urgent Claim or a Post-service Claim).

3. Post-service Claims:

a. If the Participant has provided a Clean Claim, in a reasonable period of time, but not later than 30 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15-day extension period.

b. If the Participant has not provided all of the information needed to process the claim and additional information is requested during the initial processing period, then the Participant will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period, then the Participant will be notified of the determination by a date agreed to by the Plan Administrator and the Participant.

4. Extensions – Pre-service Non-urgent Care Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Participant, prior to the expiration of the initial 15-day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

5. Extensions – Post-service Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Participant, prior to the expiration of the initial 30-day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

6. Calculating Time Periods. The period of time within which a benefit determination is required to be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

Notification of an Adverse Benefit Determination

The Claims Administrator shall provide a Plan Participant with a notice, either in writing or electronically (or, in the case of pre-service urgent care claims, by telephone, facsimile or similar method, with written or electronic notice following within 3 days), containing the following information:

1. A reference to the specific portion(s) of the Summary Plan Description upon which a denial is based;
2. Specific reason(s) for a denial;
3. A description of any additional information necessary for the Participant to perfect the claim and an explanation of why such information is necessary;
4. A description of the Plan's review procedures and the time limits applicable to the procedures, including a statement of the Participant's rights following an adverse benefit determination on final review;
5. A statement that the Participant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Participant's claim for benefits;
6. The identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request);
7. Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the Participant, free of charge, upon request);
8. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Participant's medical circumstances, or a statement that such explanation will be provided to the Participant, free of charge, upon request.
9. In a claim involving urgent care, a description of the Plan's expedited review process.

Appeal of Adverse Benefit Determinations

Full and Fair Review of All Claims

In cases where a claim for benefits is denied, in whole or in part, and the Participant believes the claim has been denied wrongly, the Participant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a Participant with a reasonable opportunity for a full and fair review of a claim and adverse benefit determination. More specifically, the Plan provides:

1. 180 days following receipt of a notification of an initial adverse benefit determination within which to appeal the determination;
2. The opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;

3. For a review that does not afford deference to the previous adverse benefit determination and that is conducted by an appropriate named fiduciary of the Plan, who shall be neither the individual who made the adverse benefit determination that is the subject of the appeal, nor the subordinate of such individual;
4. For a review that takes into account all comments, documents, records, and other information submitted by the Participant relating to the claim, without regard to whether such information was submitted or considered in the prior benefit determination;
5. That, in deciding an appeal of any adverse benefit determination that is based in whole or in part upon a medical judgment, the Plan fiduciary shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the adverse benefit determination that is the subject of the appeal, nor the subordinate of any such individual;
6. For the identification of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice; or
7. That a Participant will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Participant's claim for benefits in possession of the Plan Administrator or the Third Party Administrator; information regarding any voluntary appeals procedures offered by the Plan; any internal rule, guideline, protocol or other similar criterion relied upon in making the adverse determination; and an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Participant's medical circumstances.

Requirements for Appeal

The Participant must file an appeal of a post-service claim in writing within 180 days following receipt of the notice of an adverse benefit determination.

For pre-service urgent care claims, if the Plan Participant chooses to initiate an appeal orally, the Plan Participant may telephone:

Actna
P.O. Box 14463
Lexington, KY 40512
Phone: 855-292-6587

All appeals should be submitted in writing as soon as possible after it has been initiated. To file any appeal in writing, the Participant's appeal must be addressed as follows:

1. For Pre-service Claims:

Participants should refer to their identification card for the name and address of the utilization review administrator. All pre-service claims must be sent to the utilization review administrator.

2. For Post-service Claims:

Actna
P.O. Box 14463
Lexington, KY 40512
Phone: 855-292-6587

It shall be the responsibility of the Participant to submit proof that the claim for benefits is covered and payable under the provisions of the Plan. Any appeal must include:

1. The name of the Plan Participant;
2. The Plan Participant's social security number;
3. The group name or identification number;

4. All facts and theories supporting the claim for benefits. **Failure to include any theories or facts in the appeal will result in their being deemed waived. In other words, the Participant will lose the right to raise factual arguments and theories which support this claim if the Participant fails to include them in the appeal;**

5. A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim; and

6. Any material or information that the Participant has which indicates that the Participant is entitled to benefits under the Plan.

Timing of Notification of Benefit Determination on Review

The Plan Administrator shall notify the Participant of the Plan's benefit determination on review within the following timeframes:

1. Pre-service Non-urgent Care Claims: Within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the appeal.

2. Concurrent Claims: The response will be made in the appropriate time period based upon the type of claim – Pre-service Urgent, Pre-service Non-urgent or Post-service.

3. Post-service Claims: Within a reasonable period of time, but not later than 30 days after receipt of the appeal.

4. Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on Review

The Plan Administrator shall provide a Participant with notification, with respect to pre-service urgent care claims, by telephone, facsimile or similar method, and with respect to all other types of claims, in writing or electronically, of a Plan's adverse benefit determination on review, setting forth:

1. The specific reason or reasons for the denial;

2. Reference to the specific portion(s) of the summary plan description on which the denial is based;

3. The identity of any medical or vocational experts consulted in connection with the claim, even if the Plan did not rely upon their advice;

4. A statement that the Plan Participant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Plan Participant's claim for benefits;

5. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the Plan Participant upon request;

6. If the adverse benefit determination is based upon a medical judgment, a statement that an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Plan Participant's medical circumstances, will be provided free of charge upon request;

7. A statement of the Plan Participant's rights, following an adverse benefit determination on final review; and
8. The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency."

Furnishing Documents in the Event of an Adverse Determination

In the case of an adverse benefit determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the section relating to "Manner and Content of Notification of Adverse Benefit Determination on Review" as appropriate.

Decision on Review to be Final

If, for any reason, the Participant does not receive a written response to the appeal within the appropriate time period set forth above, the Participant may assume that the appeal has been denied. The decision by the Plan Administrator or other appropriate named fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. **All claim review procedures provided for in the Plan must be exhausted before any legal action is brought.**

Appointment of Authorized Representative

A Participant is permitted to appoint an authorized representative to act on his or her behalf with respect to a benefit claim or appeal of a denial. An assignment of benefits by a Participant to a Provider will not constitute appointment of that Provider as an authorized representative. To appoint such a representative, the Participant must complete a form which can be obtained from the Plan Administrator or the Claims Administrator. However, in connection with a claim involving Urgent Care, the Plan will permit a health care professional with knowledge of the Participant's medical condition to act as the Participant's authorized representative without completion of this form. In the event a Participant designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Participant, unless the Participant directs the Plan Administrator, in writing, to the contrary.

Physical Examinations

The Plan reserves the right to have a Physician of its own choosing examine any Participant whose condition, Sickness or Injury is the basis of a claim. All such examinations shall be at the expense of the Plan. This right may be exercised when and as often as the Plan may reasonably require during the pendency of a claim. The Participant must comply with this requirement as a necessary condition to coverage.

Autopsy

The Plan reserves the right to have an autopsy performed upon any deceased Participant whose condition, Sickness, or Injury is the basis of a claim. This right may be exercised only where not prohibited by law.

Payment of Benefits

All benefits under this Plan are payable, in U.S. Dollars, to the covered Plan Participant whose Sickness or Injury, or whose covered Dependent's Sickness or Injury, is the basis of a claim. In the event of the death or incapacity of a covered Plan Participant and in the absence of written evidence to this Plan of the qualification of a guardian for his or her estate, this Plan may, in its discretion, make any and all such payments to the individual or institution which, in the opinion of this Plan, is or was providing the care and support of such Employee.

Assignments

Benefits for medical expenses covered under this Plan may be assigned by a Participant to the Provider as consideration in full for services rendered; however, if those benefits are paid directly to the Plan Participant, the Plan shall be deemed to have fulfilled its obligations with respect to such benefits. The Plan will not be responsible for determining whether any such assignment is valid. Payment of benefits which have been assigned will be made directly to the assignee unless a written request not to honor the assignment, signed by the covered Plan Participant and the assignee, has been received before the proof of loss is submitted.

No Participant shall at any time, either during the time in which he or she is a Participant in the Plan, or following his or her termination as a Participant, in any manner, have any right to assign his or her right to sue to recover benefits under the Plan, to enforce rights due under the Plan or to any other causes of action which he or she may have against the Plan or its fiduciaries.

A Provider which accepts an assignment of benefits, in accordance with this Plan as consideration in full for services rendered, is bound by the rules and provisions set forth within the terms of this document.

Recovery of Payments

Occasionally, benefits are paid more than once, are paid based upon improper billing or a misstatement in a proof of loss or enrollment information, are not paid according to the Plan's terms, conditions, limitations or exclusions, or should otherwise not have been paid by the Plan. As such this Plan may pay benefits that are later found to be greater than the Maximum Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid, primary payers, or from the party on whose behalf the charge(s) were paid. As such, whenever the Plan pays benefits exceeding the amount of benefits payable under the terms of the Plan, the Plan Administrator has the right to recover any such erroneous payment directly from the person or entity who received such payment and/or from other payers and/or the Plan Participant or dependent on whose behalf such payment was made.

A Plan Participant, Dependent, Provider, another benefit plan, insurer, or any other person or entity who receives a payment exceeding the amount of benefits payable under the terms of the Plan or on whose behalf such payment was made, shall return or refund the amount of such erroneous payment to the Plan within 30 days of discovery or demand. The Plan Administrator shall have no obligation to secure payment for the expense for which the erroneous payment was made or to which it was applied.

The person or entity receiving an erroneous payment may not apply such payment to another expense. The Plan Administrator shall have the discretion to choose who will repay the Plan for an erroneous payment and whether such payment shall be reimbursed in a lump sum. When a Plan Participant or other entity does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its discretion, to deny payment of any claims for benefits by the Plan Participant and to deny or reduce future benefits payable (including payment of future benefits for other injuries or illnesses) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, in its discretion, deny or reduce future benefits (including future benefits for other injuries or illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, payments and/or rights, agrees to be bound by the terms of this Plan and agree to submit claims for reimbursement in strict accordance with their State's health care practice acts, ICD-9 or CPT standards, Medicare guidelines, HCPCS standards, or other standards approved by the Plan Administrator or insurer. Any payments made on claims for reimbursement not in accordance with the above provisions shall be repaid to the Plan within 30 days of discovery or demand or incur prejudgment interest of 1.5% per month. If the Plan must bring an action against a Plan Participant, Provider or other person or entity to enforce the provisions of this section, then that Plan Participant, Provider or other person or entity agrees to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Further, Plan Participants and/or their dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (Plan Participants) shall assign or be deemed to have assigned to the Plan their right to recover said payments made by the Plan, from any other party and/or recovery for which the Plan Participant(s) are entitled, for or in relation to facility-acquired condition(s), Provider error(s), or damages arising from another party's act or omission for which the Plan has not already been refunded.

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made:

1. Pursuant to a misstatement contained in a proof of loss or a fraudulent act;

2. Pursuant to a misstatement made to obtain coverage under this Plan within two years after the date such coverage commences;
3. With respect to an ineligible person;
4. In anticipation of obtaining a recovery if a Plan Participant fails to comply with the Plan's Third Party Recovery, Subrogation and Reimbursement provisions; or
5. Pursuant to a claim for which benefits are recoverable under any policy or act of law providing for coverage for occupational Injury or disease to the extent that such benefits are recovered. This provision (6) shall not be deemed to require the Plan to pay benefits under this Plan in any such instance.

The deduction may be made against any claim for benefits under this Plan by a Plan Participant or by any of his Covered Dependents if such payment is made with respect to the Plan Participant or any person covered or asserting coverage as a Dependent of the Plan Participant.

If the Plan seeks to recoup funds from a Provider, due to a claim being made in error, a claim being fraudulent on the part of the Provider, and/or the claim that is the result of the Provider's misstatement, said Provider shall, as part of its assignment to benefits from the Plan, abstain from billing the plan participant for any outstanding amount(s).

Medicaid Coverage

A Participant's eligibility for any State Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of such Participant. Any such benefit payments will be subject to the State's right to reimbursement for benefits it has paid on behalf of the Participant, as required by the State Medicaid program; and the Plan will honor any Subrogation rights the State may have with respect to benefits which are payable under the Plan.

BENEFIT DETERMINATION

Timing of Claim Decisions

The Claims Administrator shall notify the claimant, in accordance with the provisions set forth below, of any adverse benefit determination within a reasonable period of time, but not later than 45 days after receipt of the claim by the Plan.

1. Extensions. This period may be extended by the Plan for up to 30 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the claimant, prior to the expiration of the initial 45-day period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision. If, prior to the end of the first 30-day extension period, the Plan Administrator determines that, due to matters beyond the control of the Plan a decision cannot be rendered within that extension period, the period for making the determination may be extended for up to an additional 30 days, provided that the Plan Administrator notifies the claimant, prior to the expiration of the first 30-day extension period, of the circumstances requiring the extension and the date as of which the Plan expects to render a decision. In the case of any extension, the notice of extension shall specifically explain the standards on which entitlement to a benefit is based, the unresolved issues that prevent a decision on the claim, and the additional information needed to resolve those issues.

2. Calculating Time Periods. The period of time within which a benefit determination is required to be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

3. Requests for Additional Information. In the event the circumstances requiring an extension include the need for more information, the claimant must be allowed at least 45 days after receipt of the notice to provide this information. If the additional information is requested during the initial 45-day processing period, then the remainder of time left in the initial processing period is lost, and, upon receipt of the information, the first 30-day extension period begins to run. Similarly, if the additional information is requested during the first extension period, then the remainder of time left in the first extension period is lost, and, upon receipt of the information, the second 30-day extension period begins to run. If the additional information is requested during the second extension period, then the remainder of time left in the second extension period is lost, and the Plan must obtain the claimant's consent to additional time for processing the information provided.

Notification of an Adverse Benefit Determination

The Claims Administrator shall provide a claimant with written or electronic explanation of benefits stating that a claim is denied, in whole or in part, and advising the claimant of the right to appeal.

Appeals of Adverse Benefit Determinations

In accordance with the terms set forth in the Appeal of Adverse Benefit Determinations section above, the following shall apply:

Full and Fair Review of All Claims

In cases where a claim for benefits is denied, in whole or in part, and the claimant believes the claim has been denied wrongly, the claimant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a claimant with a reasonable opportunity for a full and fair review of a claim and adverse benefit determination, including the right, if necessary, to file two separate appeals. More specifically, the Plan provides:

1. Claimants at least 180 days following receipt of a notification of an adverse benefit determination within which to appeal the determination;

2. Claimants at least 45 days following receipt of a request for additional information to provide such information to the Plan;

3. Claimants the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;
4. For a review that affords no particular deference to the initial adverse benefit determination and that is conducted by the Plan Administrator or another appropriate named fiduciary of the Plan, who shall be neither the individual who made the adverse benefit determination that is the subject of the appeal, nor the subordinate of such individual;
5. For a review that takes into account all comments, documents, records, and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.
6. That, in deciding an appeal of any adverse benefit determination that is based in whole or in part upon a medical judgment, the Plan Administrator or another appropriate named fiduciary of the Plan shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the adverse benefit determination that is the subject of the appeal, nor the subordinate of any such individual;
7. For the identification of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claimant's adverse benefit determination, without regard to whether the advice was relied upon in making the benefit determination; and
8. That a claimant will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits; information regarding any voluntary appeals procedures offered by the Plan; any rule, guideline, protocol or other similar criterion relied upon in making the adverse determination; and an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances.

First Appeal Level

Requirements for First Appeal

The claimant must file the first appeal in writing within 180 days following receipt of the notice of an adverse benefit determination. The claimant's appeal must be addressed as follows:

Aetna
P.O. Box 14463
Lexington, KY 40512

Upon receipt, an appeal shall be deemed to be filed with the Plan provided all of the information listed below is included.

It shall be the responsibility of the claimant to submit proof that the claim for benefits is covered and payable under the provisions of the Plan. Any appeal must include:

1. The name of the employee/claimant;
2. The employee/claimant's social security number;
3. The group name or identification number;
4. All facts and theories supporting the claim for benefits. **Failure to include any theories or facts in the written appeal will result in their being deemed waived. In other words, the claimant will lose the right to raise factual arguments and theories which support his or her claim if he or she fails to include them in the written appeal;**
5. The reason or reasons for disagreement with the handling of the claim; and

6. Any material or information that the claimant has which indicates that the claimant is entitled to benefits under the Plan.

If the claimant provides all of the required information, it may be that the claimant will be eligible for disability benefits under the Plan.

Timing of Notification of Benefit Determination on First Appeal

The Claims Administrator shall notify the claimant of the Plan's benefit determination on review within a reasonable period of time, but no later than 30 calendar days after receipt by the Plan of the claimant's request for review, unless the Claims Administrator determines that special circumstances require an extension of time for processing the claim.

1. Extensions. If the Claims Administrator determines that an extension of time for processing is required, written notice of the extension shall be furnished to the claimant prior to the termination of the initial 23-day period. In no event shall such extension exceed a period of 23 days from the end of the initial period. The extension notice shall indicate the special circumstances requiring an extension of time and the date by which the Plan expects to render the determination on review.

2. Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan.

3. Requests for Additional Information. In the event the circumstances requiring an extension include the need for more information, the claimant must be allowed at least 45 days after receipt of the notice to provide this information. If the additional information is requested during the initial 23-day period, then the remainder of time left in that initial period is lost, and, upon receipt of the information, the 23-day extension period begins to run. If the additional information is requested during the 23-day extension period, then the remainder of time left in the extension period is lost, and the Plan must obtain the claimant's consent for an extension of time to process the additional information once it is received by the Plan.

Manner and Content of Notification of Adverse Benefit Determination on First Appeal

The Claims Administrator shall provide a claimant with written or electronic notification of a Plan's adverse benefit determination on review, setting forth:

1. The specific reason or reasons for the denial;
2. Reference to the specific portion(s) of the Summary Plan on which the denial is based;
3. A description of any additional information necessary for the claimant to perfect the claim and an explanation of why such information is necessary;
4. A description of the Plan's review procedures and the time limits applicable to the procedures;
5. The identity of any medical or vocational experts consulted in connection with the claim, even if the Plan did not rely upon their advice;
6. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;
7. If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;
8. If the adverse benefit determination is based upon a medical judgment, a statement that an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided free of charge upon request;

9. A statement describing the claimants appeals rights;
10. A statement of the claimant's right to bring an action in the event of an adverse benefit determination following a second appeal; and
11. The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency."

Furnishing Documents in the Event of an Adverse Determination

In the case of an adverse benefit determination on review, the Claims Administrator shall provide such access to, and copies of, documents, records, and other information described in the section entitled "Manner and Content of Notification of Adverse Benefit Determination on First Appeal" as appropriate.

Second Appeal Level

Adverse Decision on First Appeal; Requirements for Second Appeal

If, for any reason, the claimant does not receive a written response within the appropriate time period set forth above, the claimant may assume that the first appeal has been denied. Upon expiration of that time period without receipt of a written decision or upon receipt of notice of the Plan's adverse decision regarding the first appeal, the claimant has 60 days to file a second appeal of the denial of benefits. The claimant again is entitled to a "full and fair review" of any denial made at the first appeal, which means the claimant has the same rights during the second appeal as he or she had during the first appeal. As with the first appeal, the claimant's second appeal must include all of the items set forth in the section entitled "Requirements for First Appeal."

The Plan Administrator shall notify the claimant of the Plan's benefit determination on review within a reasonable period of time, but no later than 30 calendar days after receipt by the Plan of the claimant's request for review, unless the Plan Administrator determines that special circumstances require an extension of time for processing the claim.

1. Extensions. If the Plan Administrator determines that an extension of time for processing is required, written notice of the extension shall be furnished to the claimant prior to the termination of the initial 22-day period. In no event shall such extension exceed a period of 22 days from the end of the initial period. The extension notice shall indicate the special circumstances requiring an extension of time and the date by which the Plan expects to render the determination on review.

2. Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time the second appeal is filed in accordance with the procedures of this Plan.

3. Requests for Additional Information. In the event the circumstances requiring an extension include the need for more information, the claimant must be allowed at least 45 days after receipt of the notice to provide this information. If the additional information is requested during the initial 22-day period, then the remainder of time left in that initial period is lost, and, upon receipt of the information, the 22-day extension period begins to run. If the additional information is requested during the 22-day extension period, then the remainder of time left in the extension period is lost, and the Plan must obtain the claimant's consent for an extension of time to process the additional information once it is received by the Plan.

Manner and Content of Notification of Adverse Benefit Determination on Second Appeal

The same information must be included in the Plan's response to a second appeal as a first appeal, except for:

1. A description of any additional information necessary for the claimant to perfect the claim and an explanation of why such information is needed; and
2. A description of the Plan's review procedures and the time limits applicable to the procedures.

See the section entitled "Manner and Content of Notification of Adverse Benefit Determination on First Appeal."

Furnishing Documents in the Event of an Adverse Determination

In the case of an adverse benefit determination on the second appeal, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the section entitled “Manner and Content of Notification of Adverse Benefit Determination on First Appeal,” as is appropriate.

Decision on Second Appeal to be Final

If, for any reason, the claimant does not receive a written response to the second appeal within the appropriate time period set forth above, the claimant may assume that the second appeal has been denied. The decision by the Plan Administrator or other appropriate named fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. **All claim review procedures provided for in the Plan must be exhausted before any legal action is brought. Any legal action for the recovery of any benefits must be commenced within one year after the Plan’s claim review procedures have been exhausted.**

A. Standard external review

Standard external review is external review that is not considered expedited (as described in paragraph B of this section).

1. Request for external review. The Plan will allow a claimant to file a request for an external review with the Plan if the request is filed within four (4) months after the date of receipt of a notice of an adverse benefit determination or final internal adverse benefit determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

2. Preliminary review. Within five (5) business days following the date of receipt of the external review request, the Plan will complete a preliminary review of the request to determine whether:

- (a) The claimant is or was covered under the Plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the Plan at the time the health care item or service was provided;
- (b) The adverse benefit determination or the final adverse benefit determination does not relate to the claimant’s failure to meet the requirements for eligibility under the terms of the Plan (e.g., worker classification or similar determination);
- (c) The claimant has exhausted the Plan’s internal appeal process unless the claimant is not required to exhaust the internal appeals process under the interim final regulations; and
- (d) The claimant has provided all the information and forms required to process an external review.

Within one (1) business day after completion of the preliminary review, the Plan will issue a notification in writing to the claimant. If the request is complete but not eligible for external review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and the Plan will allow a claimant to perfect the request for external review with the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

3. Referral to Independent Review Organization. The Plan will assign an independent review organization (IRO) that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the Plan will take action against bias and to ensure independence. Accordingly, the Plan will contract with (or direct the Claims Processor to contract with, on its behalf) at least three (3) IROs for assignments under the Plan and rotate claims assignments among them (or incorporate other independent unbiased method for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.

Notice of final external review decision. The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan.

4. Reversal of Plan's decision. Upon receipt of a notice of a final external review decision reversing the adverse benefit determination or final internal adverse benefit determination, the Plan immediately will provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

B. Expedited external review

1. Request for expedited external review. The Plan will allow a claimant to make a request for an expedited external review with the Plan at the time the claimant receives:

(a) An adverse benefit determination if the adverse benefit determination involves a medical condition of the claimant for which the timeframe for completion of a standard internal appeal under the interim final regulations would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an expedited internal appeal; or

(b) A final internal adverse benefit determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the final internal adverse benefit determination concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received emergency services, but has not been discharged from a facility.

2. Preliminary review. Immediately upon receipt of the request for expedited external review, the Plan will determine whether the request meets the reviewability requirements set forth in paragraph A.2 above for standard external review. The Plan will immediately send a notice that meets the requirements set forth in paragraph A.2 above for standard external review to the claimant of its eligibility determination.

3. Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, the Plan will assign an IRO pursuant to the requirements set forth in paragraph A.3 above for standard review. The Plan will provide or transmit all necessary documents and information considered in making the adverse benefit determination or final internal adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO will review the claim de novo and is not bound by any decisions or conclusions reached during the Plan's internal claims and appeals process.

4. Notice of final external review decision. The Plan's (or Claim Processor's) contract with the assigned IRO will require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in paragraph A.3 above, as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO will provide written confirmation of the decision to the claimant and the Plan.

Payment of Benefits

All benefits under this Plan are payable, in U.S. Dollars, to the claimant. In the event of the death or incapacity of a claimant and in the absence of written evidence to this Plan of the qualification of a guardian for his or her estate, this Plan may, in its discretion, make any and all such payments to the individual or institution which, in the opinion of this Plan, is or was providing the care and support of such claimant.

Recovery of Payments

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made:

1. In error;

2. Pursuant to a misstatement contained in a proof of loss or a fraudulent act;

3. Pursuant to a misstatement made to obtain coverage under this Plan within two years after the date such coverage commences; or
4. With respect to an ineligible person.

The deduction may be made against any claim for benefits under this Plan by a claimant or his or her covered Dependents.

Appeal to the Plan

If you choose to appeal to the Plan or its designee following an adverse determination by External Review where applicable or an adverse determination at the final level of standard appeals, you must do so in writing, and you should send the following information:

- The specific reason(s) for the appeal;
- Copies of all past correspondence with Aetna or the ERO (including any EOBs); and
- Any applicable information that you have not yet sent to Aetna and the ERO.

If you file a voluntary appeal, you will be deemed to authorize the Plan or its designee to obtain information from Aetna relevant to your claim.

Mail your written appeal directly to:
County of El Paso
Human Resources Department
500 East Overland
El Paso, TX 79901

The Plan or its designee will review your appeal. The reviewer will evaluate your claim within 60 days after you file your appeal and make a decision. If the reviewer needs more time, the reviewer may take an additional 60-day period. The reviewer will notify you in advance of this extension. The reviewer will follow relevant internal rules maintained by Aetna to the extent they do not conflict with the Plan's own internal guidelines.

The reviewer will notify you of the final decision on your appeal electronically or in writing. The written notice will give you the reason for the decision and what Plan provisions apply.

All decisions by the Plan or its designee with respect to your claim shall be final and binding.

Recognized Charge

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to medical, vision and hearing expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
 - the 80th percentile of the Prevailing Charge Rate;for the Geographic Area where the service is furnished.

As to **prescription drug** expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- **Average Wholesale Price (AWP)** is the current average wholesale price of a **prescription drug** listed in the Medi-Span weekly price updates (or any other similar publication chosen by **Aetna**).

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

Aetna may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- **Geographic Area:** This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- **Prevailing Charge Rates:** These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

Important Note

Aetna periodically updates its systems with changes made to the Prevailing Charge Rates.

What this means to you is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

Additional Information

Aetna's website aetna.com may contain additional information which may help you determine the cost of a service or supply. IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceeds 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, http://www.dol.gov/ebsa/consumer_info_health.html.

IMPORTANT HEALTH CARE REFORM INFORMATION

Some language changes in response to the federal Affordable Care Act (ACA) may not be included in the enclosed certificate of coverage. This may be because the language is still pending regulatory review and approval. The following is a summary of the recent changes under the ACA.

For details on any benefit maximums and the cost sharing under your plan, log onto the Aetna website www.aetna.com, call the Member Services number on the back of your ID card, or refer to the Summary of Benefit and Coverage document you have received.

1. Subject to any allowed applicable age, family history and frequency guidelines for preventive services covered under the plan, (which may be in-network only for plans that use a provider network) the following services are included in those considered preventive:
 - Coverage of comprehensive lactation support and counseling, and the costs of renting or purchasing breastfeeding equipment extended for the duration of breastfeeding.
 - In accordance with the recommendations of the United States Preventive Services Task Force, and when prescribed by a physician:
 - i. aspirin for men and women age 45 and over;
 - ii. folic acid for women planning or capable of pregnancy;
 - iii. routine iron supplementation for asymptomatic children ages 6 to 12 months;
 - iv. vitamin D supplementation for men and women age 65 and older;
 - v. fluoride supplementation for children from age 6 months through age 5;
 - vi. genetic counseling, evaluation and lab tests for routine breast cancer susceptibility gene (BRCA) testing;
 - vii. Food and Drug Administration (FDA) approved member over-the-counter contraceptives, and an office visit for contraceptive administration and/or removal of a contraceptive device
2. The medical in-network out-of-pocket maximum for a plan that does use a provider network, and the out-of-pocket maximums for a plan that does not use a provider network - cannot exceed \$6,350 per person and \$12,700 per family. If your medical plan is packaged with a plan that covers outpatient prescription drugs, the outpatient prescription drug plan may:
 - a. not include out-of-pocket maximums; or
 - b. have separate maximums from the medical plan up to these same amounts; or
 - c. have maximums that are combined with the medical plan up to these same amounts.

3. Any annual or lifetime dollar maximum benefit that applies to "Essential Health Benefits" (as defined by the ACA and included in the plan) no longer applies. Essential Health Benefits will continue to be subject to any coinsurance, copays, deductibles, other types of maximums (e.g., day and visit maximums), referral and certification rules, and any exclusions and limitations that apply to these types of covered medical expenses under your plan.
4. If your Plan includes a pre-existing condition limitation or exclusion provision, including one that may apply to transplant coverage, then this limitation or exclusion no longer applies.
5. If your Plan includes a waiting or service waiting period, (the period of time that must pass before your coverage can become effective), this period of time cannot be greater than 90 days.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.
