

# Easy-to-use coverage for taking care of your eyes

## Aetna Vision<sup>SM</sup> Preferred

### Look — and see — your best

Aetna Vision Preferred helps you take better care of your eyesight. And get just the look you want, too. It comes with coverage for:

- Routine eye exams, including dilation
- One pair of eyeglasses (lenses and frame)
- Choice of any available frame — from value-priced to designer brands like Oakley®, Ray-Ban® and Vogue®
- Prescription sunglasses
- Contact lenses

### Lots of locations

After enrolling, you get a welcome packet in the mail. Your member ID card, insurance plan information and a list of local vision providers are included.

But you can go practically anywhere for eye care. Choose from over 77,000 vision offices and retailers in our nationwide network.<sup>1</sup>

This includes neighborhood eye doctors, as well as your favorite chains, such as:

- LensCrafters®
- Pearle Vision<sup>SM</sup>
- Sears Optical®
- Target Optical®
- JCPenney Optical

Network providers are easy to find. Just use our online directory at [www.aetnavision.com](http://www.aetnavision.com). You can also visit any licensed eye care provider *outside* the network. But if you do, you generally pay more out of pocket. And you may have to file your own claims.

### New this year: easy-to-use online retailers

Now you can shop for contact lenses or glasses online at two new retailers in the network:

1. ContactsDirect, at [www.contactsdirect.com](http://www.contactsdirect.com)
2. Glasses.com, at [www.glasses.com](http://www.glasses.com)

To make life even easier, your Aetna vision benefits are automatically applied when you check out.

### More savings

With network eye care providers, you can find discounts on products and services that **aren't covered under your plan**, including:

- LASIK laser eye surgery
- Extra pairs of eyeglasses and sunglasses
- Lens options like anti-reflective, polycarbonate, and scratch and UV protection
- Accessories such as eyeglass chains and cases
- Digital eye imaging — a diagnostic tool to spot eye diseases

Plus: There are discounts for healthy living products and services. Enjoy savings on hearing aids, fitness memberships, acupuncture and more.

**THIS IS NOT INSURANCE. THIS IS A DISCOUNT PROGRAM ONLY.**

## Features that fit your busy lifestyle

**Flexibility:** You can have your eye exam and buy your eyewear at different places. That makes it so easy to find the perfect frame.

**Great hours:** Many locations are open seven days a week, as well as evenings. And many accept walk-ins.

**Convenience:** Find vision offices and retailers inside or nearby major shopping centers. Or shop online through retailers in the network.

**Speedy service:** Get same-day eyewear at many locations.

And you can get extra help when needed. Our customer service reps are available seven days a week.

## Better vision, better health

Your vision insurance plan isn't just good for your eyes. It's good for your overall health, too. Routine eye exams can spot vision problems like glaucoma. But exams also can detect health conditions like diabetes — even before symptoms appear.<sup>2</sup>
