

The County of El Paso Booklet is issued to describe, in general, the Medical Benefits.

The County of El Paso is Self Insured for its PPO medical plan.

These Medical Benefits are made available to you based upon your eligibility as defined by the Plan.

The County of El Paso expects you to use your Benefit Plan to its full extent, in a prudent manner, when you or one of your covered dependents is ill or injured.

The County of El Paso is the Trustee and Administrator of this Self-Funded Benefit Program and provides a major portion of the contributions necessary to properly fund these programs in order to make these benefits available to you.

This booklet's general information is not intended to be an exhaustive or all-inclusive description of services, which are covered, limited or excluded. It is only a simplified summary. It is not the legal document that actually governs the Plan. If this summary results in a misunderstanding or an inconsistency with the legal Plan Document, the legal document always governs.

We recommend that you contact the Plan Administrator to verify that your Plan will cover the Medical expenses necessary to treat your illness or injury **PRIOR** to starting any suggested plan of Medical treatment.

The benefit maximums applicable to this Plan are shown in the Schedules of Medical Benefits.

**CONTRIBUTIONS**

The Plan Sponsor shall determine the amount of contribution required for coverage for each covered person.

Such determination shall be made within a reasonable time preceding the end of any Fiscal Year and shall be reported to all employees as reasonably soon thereafter as possible.

## **Section 6 INDIVIDUAL EFFECTIVE DATE**

An eligible enrolled employee's coverage will become effective on the first day following the satisfaction of the Waiting Period. An enrollment card must be completed by an employee to be enrolled for coverage or marked "waived" if this is the employee's choice.

If an eligible employee waives coverage for himself or herself, no coverage is available for their eligible dependents under the Plan. If an employee waives coverage for themselves and later wishes to be covered under the Plan, the employee must wait for the annual Open Enrollment.

The dependents of an eligible enrolled employee shall become covered on the later of-

- 1) The first day that they become eligible for coverage and enroll; or
- 2) Within the first 31 days of eligibility, the date on which they enroll. However if on the 31<sup>st</sup> day the County of El Paso is closed, then the time limit to enroll is extended to the next day when the County of El Paso is open.

If an employee elects coverage for eligible dependents and at a later time acquires additional eligible dependents, the employee must notify the Plan Administrator and properly complete and submit all necessary forms detailing the names and other information of these additional dependents within 31 days of the acquisition, (the qualifying event), in order for the newly acquired dependents to receive coverage.

The newborn child of a covered employee or spouse is automatically covered at birth for 31 days. For coverage to continue beyond 31 days, you must notify The County of El Paso Employee Benefits Office of the birth, complete and submit all necessary paperwork and pay any required premiums. (Premiums are required beginning the first of the calendar month following the birth month.) If notification and required premiums are not made, coverage will terminate at the end of 31 days following your child's birth. Your claim for maternity expenses is not considered enrollment of a newborn.

If an eligible employee does not elect coverage within the 31 days that the employee first acquires eligible dependents, the employee will be required to wait for the annual Open Enrollment.

Where an individual is covered as an eligible employee under this Plan, they may not be additionally covered under this Plan as the dependent of another eligible employee of this Plan.

A COBRA Qualified Beneficiary becomes covered effective the day that a Qualifying Event occurs if

- 1) They notify the Plan Administrator, for Qualifying Events listed as their responsibility for notification, within 60 days of the occurrence of that Qualifying Event;
  - a) Notification will need to be by written communication and

**Section 8**  
**MODEL GENERAL NOTICE OF COBRA CONTINUATION COVERAGE RIGHTS**

**CONTINUATION COVERAGE RIGHTS**

The Plan Administrator is Access Administrators, Inc., 7430 Remcon Circle Bldg C, El Paso, TX 79912, 915-581-8182. The Plan Administrator is responsible for administering COBRA continuation coverage

**COBRA Continuation Coverage**

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

- 1) Your hours of employment are reduced, or
- 2) Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

- 1) Your spouse dies;
- 2) Your spouse’s hours of employment are reduced;
- 3) Your spouse’s employment ends for any reason other than his or her gross misconduct;
- 4) Your spouse becomes enrolled in Medicare (Part A, Part B, or both); or
- 5) You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

- 1) The parent-employee dies;
- 2) The parent-employee’s hours of employment are reduced;
- 3) The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- 4) The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
- 5) The parents become divorced or legally separated; or
- 6) The child stops being eligible for coverage under the plan as a “dependent child.”

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the County of El Paso and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee’s spouse, surviving spouse, and dependent children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee commencement of a proceeding in bankruptcy with respect to the employer, or enrollment of the employee in Medicare (Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event within 30 days of any of these events.

**For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to: Access Administrators, Inc., COBRA Department, 7430 Remcon Circle Bldg C, El Paso, TX 79912. The notice needs to include name, address, and telephone number, plan name and the qualifying event. If the qualifying event is a divorce or legal separation, legal documentation must be furnished. Failure to notify the Plan Administrator in the above stated time frames and prescribed manner will nullify your right to COBRA continuation of coverage.**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin this Plan on the date of the qualifying event

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, enrollment of the employee in Medicare (Part A, Part B, or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

#### **Disability extension of 18-month period of continuation coverage**

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, (within 60 days, in writing) you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage.] This notice should be sent to: Access Administrators, Inc., COBRA Department, 7430 Remcon Circle Bldg C, El Paso TX 79912. The notification should include name, address, telephone number, plan name, and a copy of the Social Security Administration's determination.

#### **Second qualifying event extension of 18-month period of continuation coverage**

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the former employee dies, or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. **In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event permitted under the terms This notice must be sent to: Access Administrators, Inc., COBRA Department, 7430 Remcon Circle Bldg C, El Paso, TX 79912. The notification should include name, address, telephone number, plan name, and qualifying event. Copies of documentation such as death certificate, Medicare card, divorce decree or legal separation papers must be included with the notification.**

## **Keep Your Plan Informed of Address Changes at all times**

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator. **Please note that, as it is the sole responsibility of the Plan participants to notify the Plan Administrator in writing of any address changes for all family members, you and/or your family members may lose their rights for continuation of coverage in the event documentation is not received or sent due to your failure to notify of an address change.**

### **How can you elect continuation coverage?**

Each qualified beneficiary listed on page one of this notice has an independent right to elect continuation coverage. For example, both the employee and the employee's spouse may elect continuation coverage, or only one of them. Parents may elect to continue coverage on behalf of their dependent children only. A qualified beneficiary must elect coverage by the date specified on the Election Form. Failure to do so will result in loss of the right to elect continuation coverage under the Plan. A qualified beneficiary may change a prior rejection of continuation coverage any time until that date.

In considering whether to elect continuation coverage, you should take into account that a failure to continue your group health coverage will affect your future rights under federal law. First, you can lose the right to avoid having pre-existing condition exclusions applied to you by other group health plans if you have more than a 63-day gap in health coverage, and election of continuation coverage may help you not have such a gap. Second, you will lose the guaranteed right to purchase individual health insurance policies that do not impose such pre-existing condition exclusions if you do not get continuation coverage for the maximum time available to you. Finally, you should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse's employer) within 30 days after your group health coverage ends because of the qualifying event listed above. You will also have the same special enrollment right at the end of continuation coverage if you get continuation coverage for the maximum time available to you.

### **How much does continuation coverage cost?**

Generally, each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount a qualified beneficiary may be required to pay may not exceed 102 percent of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving continuation coverage (or, in the case of an extension of continuation coverage due to a disability, 150 percent). The required payment for continuation coverage for the qualified beneficiaries

### **When and how must payment for continuation coverage be made?**

#### **First payment for continuation coverage**

If you elect continuation coverage, you do not have to send any payment for continuation coverage with the Election Form. However, you must make your first payment for continuation coverage within 45 days after the date of your election. (This is the date the Election Notice is post-marked, if mailed.) If you do not make your first payment for continuation coverage within those 45 days, you will lose all continuation coverage rights under the Plan.

Your first payment must cover the cost of continuation coverage from the time your coverage under the Plan would have otherwise terminated up to the time you make the first payment. You are responsible for making sure that the amount of your first payment is enough to cover this entire period. You may contact Access Administrators, Inc., 7430 Remcon Circle Bldg C, El Paso, TX 79912, telephone number 915-581-8182 to confirm the correct amount of your first payment.

Your first payment for continuation coverage should be sent to:

**Access Administrators, Inc  
COBRA Department.  
7430 Remcon Circle Bldg C  
El Paso, TX 79912**

**Periodic payments for continuation coverage**

After you make your first payment for continuation coverage, you will be required to pay for continuation coverage for each subsequent month of coverage. Under the Plan, these periodic payments for continuation coverage are due on the 1<sup>st</sup> of each month of coverage. If you make a periodic payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break. The Plan will send periodic notices of payments due for these coverage periods.

Periodic payments for continuation coverage should be sent to:

**Access Administrators, Inc.  
COBRA Department  
7430 Remcon Circle Bldg C  
El Paso, TX 79912**

**Grace periods for periodic payments**

Although periodic payments are due on the dates shown above, you will be given a grace period of 30 days to make each periodic payment. Your continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if you pay a periodic payment later than its due date but during its grace period, your coverage under the Plan will be suspended as of the due date and then retroactively reinstated (going back to the due date) when the periodic payment is made. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated.

If you fail to make a periodic payment before the end of the grace period for that payment, you will lose all rights to continuation coverage under the Plan.

**For more information**

This notice does not fully describe continuation coverage or other rights under the Plan. More information about continuation coverage and your rights under the Plan is available in your summary plan description or from the Plan Administrator.

For more information about your rights, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA web site at [www.dol.gov/ebsa](http://www.dol.gov/ebsa).

The Covered Person will be reimbursed at the 80% benefit level for the cost for services rendered by a non-participating Provider located either within or outside the Network PPO Service Area, for those expenses, less any applicable deductibles, co-payments or cost sharing amounts described in the Plan, which are incurred up to the time the Covered Person is determined by the Plan Administrator or the Utilization Review/Utilization Management company to be medically able to travel or to be transported to a Network Provider.

In the event that the Covered Person elects to remain in the Hospital or non-preferred facility after the date that the Plan Administrator or the Utilization Review/Utilization Management company has determined and advised the Covered Person that the Covered Person no longer meets the criteria for continued inpatient confinement and is able to travel or be transported to a Network Provider, the Covered Person shall be fully responsible for the appropriate deductibles, co-payments or cost sharing provisions of the benefit level associated with the provider of the post emergency or accident services.

**Section 15**  
**PRESCRIPTION DRUG EXPENSE COVERAGE**

Effective January 1, 2005 the County of El Paso retained Aetna Life Insurance Company (Aetna) to manage its pharmacy benefits program.

Prescription Drug Expense Coverage is merely a name for the benefits in this section. It does not provide benefits covering expenses incurred for all **prescription drugs**. There are exclusions, co-payment features, and, if applicable to this Plan, deductible and maximum benefit features. They are described in the Booklet.

The Summary of Coverage outlines the Payment Percentages that apply to the Covered Prescription Drug Expenses described below.

- (1) **Covered Prescription**
- (2) **Drug Expenses**

This Plan pays the benefits shown in Section 2 of this document for certain **prescription drug** expenses incurred for the treatment of a disease or injury. These benefits apply separately to each covered person.

If a **prescription drug** is dispensed by a **preferred pharmacy** to a person for treatment of a disease or injury, a benefit will be paid, determined from the Benefit Amount subsection, but only if the **preferred pharmacy's** charge for the drug is more than the **co-pay** per **prescription** or refill.

Benefit amounts provided under this section will not be subject to any provision under this Plan for coordination of benefits with other plans, except the provision for coordinating benefits under this Plan with any Medicare benefits.

**A. Benefit Amount**

The benefit amount for each covered **prescription drug** or refill dispensed by a **preferred pharmacy** will be an amount equal to the Payment Percentage of the total charges. The total charge is determined by:

- the **preferred pharmacy**; and
- Aetna.

Any amount so determined will be paid to the **preferred pharmacy** on your behalf.

In figuring the benefit amount, a Separate Brand Name Fee may apply to **brand name drugs** in addition to any applicable **co-pay**. The amount of the Separate Brand Name Fee will be equal to the difference between the cost of the **brand name drug** and the generic equivalent. The Separate Brand Name Fee will apply to any **brand name drug** dispensed when the covered person requests a brand name drug and the prescription is written for a generic drug with instructions "Dispense as Written".

No benefit will be paid for a **prescription drug** dispensed by a **non-preferred pharmacy** under this benefit section except for an **emergency condition**, in which case the benefit will be payable at the preferred level of coverage.

**B. Limitations**

1. No benefits are paid under this section:

- For a device of any type unless specifically included as a **prescription drug**.
- For any drug entirely consumed at the time and place it is prescribed.
- For less than a 30 day supply of any drug dispensed by a **mail order pharmacy**.
- For more than a 30 day supply per **prescription** or refill. However, this limitation does not apply to a supply of up to 90 days per **prescription** or refill for drugs which are provided by a **mail order pharmacy**.
- For the administration or injection of any drug.
- For the following injectable drugs:
  - fertility drugs;
  - allergy sera or extracts; and
  - Imitrex, if it is more than the 48th such kit or 96th such vial dispensed to the person in any year.

- For any refill of a drug that is more than the number of refills specified by the **prescriber**. Before recognizing charges, Aetna may require a new **prescription** or evidence as to need:
  - If the **prescriber** has not specified the number of refills; or
  - If the frequency or number of **prescriptions** or refills appears excessive under accepted medical practice standards.
- For any refill of a drug dispensed more than one year after the latest **prescription** for it or as permitted by the law of the jurisdiction in which the drug is dispensed.
- For any drug provided by or while the person is an inpatient in any health care facility; or for any drug provided on an outpatient basis in any health care facility to the extent benefits are paid for it under any other part of this Plan or under any other medical or **prescription drug** expense benefit plan carried or sponsored by your Employer.
- For any drugs which do not, by federal or state law, require a prescription order (i.e. an over-the-counter (OTC) drug), even if a prescription is written.
- Any **Prescription Drug** for which there is an over-the-counter (OTC) product which has the same active ingredient and strength.
- For immunization agents.
- For biological sera and blood products.
- For nutritional supplements.
- For any fertility drugs.
- For more than 8 unit doses per 30 day supply for the following drugs used for the treatment of erectile dysfunction, impotence, or sexual dysfunction or inadequacy:
  - sildenafil citrate;
  - phentolamine;
  - apomorphine;
  - alprostadil; or
  - any other **prescription drug** that is in a similar or identical class has a similar or identical mode of action or exhibits similar or identical outcomes.

*This limitation applies whether or not the **prescription drug** is delivered in oral, injectable, or topical (including, but not limited to, gels, creams, ointments, and patches) forms. If the drug is not taken orally, the dosage covered will be determined by Aetna based on the comparable cost for a 30 day supply of pills.*

- For any drug dispensed by a **mail order pharmacy** for use for the treatment of erectile dysfunction, impotence, or sexual dysfunction or inadequacy.
- For any smoking cessation aids or drugs.
- For Appetite Suppressants
- For a **prescription drug** dispensed by a **mail order pharmacy** that is not a **preferred pharmacy**.
- For any **prescription** written for the drugs Caverjet, MUSE and Edex.

### **C. Certification For Certain Prescription Drugs**

Certification of the necessity of certain **prescription drugs** is required before the drug is dispensed by a **pharmacy**.

2. When one of the **prescription drugs** shown on the Medication Formulary Guide is dispensed, expenses incurred will be payable as follows:

- If certification has been requested and the drug is **necessary**:
  - For the drugs listed on the Pre-certification List of the Medication Formulary Guide benefits will be payable at the applicable Payment Percentage;
  - If certification has not been requested and the drug is **necessary** no benefits will be payable.
  - If the drug is not **necessary** no benefits will be payable whether or not certification has been requested.

## **CERTIFICATION PROCEDURES**

It is your responsibility to arrange for the **prescriber** of the drug to call the number shown on your ID card to request certification. This call must be made as soon as reasonably possible before the drug is to be dispensed. Copies of laboratory and/or medical records may be requested. If such information is requested, it must be provided in order to certify the necessity of the drug.

3. Written notice of the certification decision will be sent promptly to you. This notice will show:
- the approved period of certification, during which time any authorized refills of the drug may be dispensed; or
  - when certification is denied, the procedure to follow if you choose to appeal the decision.

If the drug is to be dispensed after the certification period ends, certification must again be requested, as described above.

### **LIST OF PRESCRIPTION DRUGS REQUIRING CERTIFICATION**

Refer to the Medication Formulary Guide for the list of **prescription drugs** that require certification, or call the number shown on your ID Card.

The following prescription drugs **always** require pre-certification:

ACUTANE (ISOTRETINOIN).	HUMIRA

ENDBREL	GROWTH HORMONES
ZELNORM	

**Please note:** List of Prescription Drugs requiring Certification may be modified by the Prescription Benefit Manager to add or delete drugs provided that the modifications are reported quarterly and reviewed by the County's Risk Pool Board.

### **QUANTITY LIMITS AND DOSAGE EFFICIENCY**

Quantity limits are included as part of Aetna's pre-certification program and are designed to help promote appropriate and efficient medication use and enhance patient safety. Quantity limits are based on generally accepted pharmaceutical guidelines, efficient dosing regimens and dosing recommendations. Three types of quantity limits are in place. They are:

- Dose Efficiency Message – Limits prescriptions to one pill per dose or per day for drugs that are approved for once-daily dosing.
- Maximum Daily Dose – Informational message is sent to the pharmacy if prescription lies outside recommended minimum and maximum doses.
- Quantity Limits Over Time – Limits prescriptions to a specific number of units per a defined amount of time.

In order to receive coverage for amounts in excess of the quantity limits or recommended dosage, your physician must obtain pre-certification. Additional information may be obtained by contacting Aetna's Member Services by telephoning the number shown on your ID card.

#### **D. General Exclusions Applicable to Prescription Drug Expense Coverage**

4. Coverage is not provided for the following **prescription drug** charges:

  - Furnished, paid for, or for which benefits are provided or required under any law of a government. (This does not include a plan established by a government for its own employees or their dependents or Medicaid.) An example is benefits provided, to the extent required by law, under "no-fault" auto insurance law.
- Those for performance, athletic performance, or lifestyle enhancement drugs or supplies, except to the extent coverage for such drugs or supplies is specifically provided in your Booklet.

#### **E. Pre-Certification Program**

5. Coverage is not provided for those prescription drugs listed in the "Certification for Certain Drugs" section that are not **necessary**, as determined by Aetna, for the care or treatment of the physical or mental condition involved. This applies even if they are:

- Prescribed by a **physician** or **dentist** who is a preferred provider, as defined in the employer sponsored medical plan under which you are covered: and
- Dispensed by a **preferred pharmacy**, as defined in this Plan.

**DENTAL DEFINITIONS**

- A) DENTIST.** A Doctor of Dental Surgery (D.D.S.) or a Doctor of Medical Dentistry (D.M.D.) who holds a lawful license authorizing the person to practice dentistry in the locale in which the service is rendered. A Dentist's practice must be located within the United States. Non-USA providers shall not be Eligible.
- B) ALTERNATIVE TREATMENT.** There is often more than one method of satisfactory treatment for a given dental condition. If this is the case, the Covered Dental Expenses will be limited to Reasonable and Customary charge which would be appropriate for these services and supplies which are customarily employed nationwide in the treatment of the disease or injury concerned and which are recognized by the dental profession to be appropriate methods of treatment in accordance with broadly accepted national standards of dental practice, taking into account the total current oral condition of the Covered Person.
- C) EMERGENCY PALLIATIVE TREATMENT.** Any dental procedures necessary to alleviate (but not cure) acute pain or temporarily alleviate (but not cure) conditions requiring the immediate attention of a Dentist to prevent irreparable harm to the Covered Person.
- D) BENEFITS PAYABLE.** If, because of a non-occupational condition, a Participant, while covered for benefits under this Section, incurs Covered Expenses, this Plan will pay the Benefit Percentage of Reasonable and Customary expenses in excess of the Deductible, if applicable. The Benefit Percentage, the Deductible, and the Maximum Benefits are shown in the Section titled "DENTAL BENEFITS".
- E) INCURRED DATE.** The date the service is received.
- F) DEDUCTIBLE.** The Deductible amount is the dollar amount of Covered Expenses, which must be paid by the Participant before reimbursement for any additional Covered Expenses can be paid. The deductible applies separately to each Participant in each calendar year, subject to the following:
- a)** When covered family members satisfy their Maximum Family Deductible limit, the family deductible will be considered satisfied for all covered family members for the remainder of that calendar year.
- G) BENEFITS PERCENTAGE.** The percentage of benefits payable during any one calendar year for Reasonable and Customary charges after the deductible amount is satisfied is shown in the Section titled "DENTAL BENEFITS".
- H) MAXIMUM BENEFITS.** Benefits paid to any Covered Person for dental expenses for Preventive, Basic and Major Services (combined) in any one calendar year shall not exceed the maximum as specified in Section titled "DENTAL BENEFITS".

No "Treatment Plan" need be submitted if the total charges do not exceed \$300 or if emergency care is required. A "Treatment Plan" is the dentist's report that:
- 1)** Itemizes the dentist's recommended services,
  - 2)** Shows the dentist's charge for each service,
  - 3)** Is accompanied by supporting x-rays or other diagnostic records where required or requested by the Plan Administrator.

- 3) Isn't listed in the "Exclusions Under Dental Expense Benefits".

\*If a dental service is performed that is not on the list of dental services, but the list contains one or more other services that under customary dental practices are suitable for the condition being treated, for the purpose of coverage the listed services that the Plan Administrator determines would produce a satisfactory result will be considered to have been performed.

The amount of the eligible charge for a service is equal to the charge made by the dentist, not to exceed the maximum eligible charge applying to that service in the list of dental services.

**L) INCURRED CHARGE.** A charge will be considered to be incurred:

- 1) For an appliance or modification of an appliance - on the date the appliance is seated.
- 2) For a crown, bridge or gold restoration - on the date the appliance is seated.

**Section 20**  
**EXTENSION OF BENEFITS**

If the Dental Expense coverage for you or a dependent is terminated, the protection will be extended to cover charges incurred within the next 30 days for Basic Services, provided benefits would have been paid had the coverage remained in effect, and treatment was begun prior to the date of termination.

**Section 21**  
**COORDINATION BETWEEN THE PLAN AND AVAILABLE GROUP BENEFITS**

The Plan has been designed to help meet the cost of sickness or injury. Since it is not intended that greater benefits be paid you than your actual medical expenses, the amount of benefits payable with the Plan will take into account any coverage a family member has with other "plans". The benefits under the Plan will be coordinated with the benefits of the other "plans".

The Plan will always pay either its regular benefits in full, or a reduced amount which, when added to the benefits payable by the other plan or plans, will equal 100 percent of "Allowable Expenses".

"Allowable Expenses" means any necessary, Reasonable and Customary expense, incurred while you are eligible for benefits under the Plan, part or all of which would be covered under any of the plans, but not any expenses contained in the list of Exclusions. "Plan" means any plan providing benefits or services for or by reason of medical or dental care or treatment, which benefits or services are provided by group insurance, self-insurance, or any similar plan or program.

Other Plan or Another Plan shall mean any plan, other than This Plan, providing benefits or services for or by reason of medical or dental care or treatment, which benefits or services are provided by any of the following:

- 1) Group, blanket or franchise insurance coverage;
- 2) Service plan contracts, group practice, individual practice or other prepayment coverage;
- 3) Any coverage under labor-management trustee plans, union welfare plans, employer organization plans, or employee benefit organization plans;
- 4) Any coverage under governmental programs and any coverage required or provided by any statute;
- 5) Group or individual no-fault automobile contracts or group traditional automobile medical expense contracts; and
- 6) Student coverage obtained through an educational institution above the high school level.

The benefits of Another Plan will be ignored for the purposes of determining Benefits under This Plan if:

- 1) The Other Plan which contains a provision coordinating its benefits with those of This Plan would, according to its rules, determine its benefits after the Benefits of This Plan have been determined; and
- 2) The rules set forth in this Section would require This Plan to determine its Benefits before the Other Plan.

**Section 22**  
**ORDER OF BENEFIT DETERMINATION**

- A) ORDER OF BENEFIT DETERMINATION.** The following rules will be used to establish the order of benefit determination:
- 1)** The benefits of a plan which covers the Covered Person as a dependent with the earliest birth date, month and date will determine its benefits first, except that when a claim is made for a dependent child of divorced or separated parents, the following rules will apply:
    - a)** A plan which covers a child as a dependent of a parent who by court decree must provide health coverage will determine its benefits first;
    - b)** When there is no court decree, which requires a parent to provide health coverage to a dependent child, the following rules will apply:
      - (i)** When a parent who has custody of the child has not remarried, that parent's plan will determine its benefits first;
      - (ii)** When a parent who has custody of the child has remarried:
        - (1)** That parent's plan will determine its benefits first;
        - (2)** The stepparent's plan will determine its benefits next; and
        - (3)** The plan of the parent without custody will determine its benefits third.
  - 2)** When the rules explained in #1 (above) do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time will be determined before the benefits of a plan which has covered the person the shorter period of time; and
  - 3)** When a plan does not contain a provision coordinating its benefits, that plan is always primary and always pays first.
- B) RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION.** For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provision of similar purpose of any other plan, the County of El Paso may, without the consent of or notice to any person, release to or obtain from any Insurance Company or other organization or person any information, with respect to any person, which the County of El Paso deems to be necessary for such purposes. Any person, claiming benefits under this Plan shall furnish to the County of El Paso such information as may be necessary to implement this provision
- C) FACILITY OF BENEFIT PAYMENT.** Whenever payments which would have been made under this Plan in accordance with this provision have been made under any other plans, the County of El Paso shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision, and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, the County of El Paso shall be fully discharged from liability under this Plan.
- D) RIGHT OF RECOVERY.** Whenever **payments have been made by** the County of El Paso with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at the time to satisfy the intent of this provision, the County of El Paso shall have the right to recover such payments, to the extent of such excess, from among one or more of the following, as the County of El Paso shall determine: any persons to or for or with respect to whom such payments were made, any insurance companies, and other organizations.
- E) SUBROGATION.** Your coverage is intended to afford protection to you against the cost of hospital and medical-surgical services required in case of illness or injury. It is not intended to serve any other purpose. If a participant is injured under circumstances, which impose on someone else a legal obligation to pay the expense of his/her treatments, as damages, the Plan will pay, but the Plan Sponsor reserves the right to be reimbursed from the payment made by the third party.

The Plan shall be subrogated, to the extent and in the amount of any payments made hereunder by the Plan to a Covered Person, to any cause of action said Covered Person may have against any tortfeasor for injury to the Covered Person which results in payment being made by the Plan. This means the Plan is not obligated to pay for services necessary on account of any injury or condition for which a third party is liable unless or until the Covered Person, or someone legally qualified and authorized to act for the Covered Person, promises in writing:

- 1) Include those amount in any claim the Covered Person makes against a third party for the injury or conditions; and
- 2) Repay the Plan those amounts to the extent that the proceeds of the Covered Person's recovery from a settlement with a third party by reason of such an injury or condition exceed his or her own portion of the total loss; repayment to the Plan to be made within thirty (30) days of the receipt of such proceeds; and
- 3) Cooperate fully with the Plan in asserting its rights, to supply the Plan with any and all information and execute any and all instruments the Plan reasonably needs for that purpose.

In the event claimant fails to, or refuses to execute whatever Assignment, Form or Document requested by the Plan Sponsor of the Plan, the Plan shall and is hereby relieved of any and all legal, equitable or contractual obligation contained in this the entire Plan for any benefits or covered expenses incurred by claimant.

**Section 23**  
**CLAIMS PROCEDURE**

- A) QUESTIONS RELATING TO ELIGIBILITY, CLASSIFICATION, COVERAGE.** All questions relating to eligibility, classification, or coverage under the Plan shall be submitted to the Plan Administrator. The Plan Administrator may make a determination on whether or not a particular medical service is covered by the Plan or is medically necessary either before services are rendered or after services are rendered.
- B) WRITTEN PROOF OF LOSS.** All claims for Benefits under this Plan shall be submitted to the Plan Administrator on forms furnished by the Plan Administrator. Such Written Proof of Loss shall be submitted:

- D) FREE CHOICE OF PHYSICIAN.** A claimant has free choice of any Physician, and the Physician-patient relationship will be maintained.
- E) PAYMENT OF BENEFITS.** All Medical Expense Benefits payable under this Plan for amounts billed by a Hospital shall be paid to the Hospital unless the claimant furnishes proof of payment of the Medical Expense at the time the claim is filed with the Plan Administrator in which case the Benefits shall be paid to the claimant.

All Medical Expense Benefits payable under this Plan for amounts billed by a Health Care Provider other than a Hospital shall be paid to the claimant unless the provider provides a statement which the claimant has signed indicating that the Benefits are assigned to the provider in which case the Benefits shall be paid to the provider.

**F) DENIALS OF COVERAGE/CLAIM.**

- 1) **Pre-Certification/Pre-Authorization.** Certain types of medical care and services require Pre-Certification that the medical care or service is Medically Necessary. If the Plan Administrator denies Pre-Certification, the Plan Administrator shall furnish the claimant with a written explanation of the denial of coverage. An Employee or Health Care Provider may request a review of the Plan Administrator's determination within 60 days by submitting a written request for Review to the Plan Administrator with supporting information from the Health Care Provider.
- 2) **Pre-Determination of Coverage Prior to Services Rendered.** An Employee or Health Care Provider may request a Pre-Determination whether or not a particular medical service is covered by the Plan prior to (or during) the time that medical services are rendered. If the Plan Administrator determines that the service is not covered, the Plan Administrator shall furnish the claimant with a written explanation of the denial of Coverage. An Employee or Health Care Provider may request a review of the Plan Administrator's Pre-Determination within 60 days by submitting a written request for Review to the Plan Administrator with supporting information from the Health Care Provider.
- 3) **Claim for Services After Medical Services Rendered.** After medical services have been provided, the Health Care Provider shall submit a Claim for Benefits (see Section 4). **H) REVIEW PROCEDURE.** The Plan Administrator shall review a pre-certification, determination of coverage or claim and its denial if a written request for review is filed within 60 days after receipt of the written explanation of the denial by the claimant. Otherwise, the initial decision of the Plan Administrator shall be the final decision of the Plan. As part of the review procedure, the claimant or the claimant's duly authorized representative shall have a reasonable opportunity to examine pertinent Plan Documents and records and to submit written comments on the issues.

**1) DECISION ON REVIEW.** The Plan Administrator shall review the information and comments submitted by the claimant or the claimant's duly authorized representative.

- a) **Pre-Authorization.** If the medical care or service requested requires Pre-Authorization as defined in this Plan, the Plan Administrator shall refer the request to its Utilization Management Organization to seek a determination regarding the Medical Necessity of the service requested. If the medical procedure is not a covered benefit, a denial will be issued by the Plan Administrator to the Provider and Claimant. The fact that the Covered Person's physician prescribes services or supplies does not automatically mean such services or supplies is medically necessary and covered by the Plan.
- b) **Pre-Determination of Coverage.** If the medical care or service is not covered by the Plan, a denial of coverage shall be issued by the Plan Administrator to the Provider and Claimant.
- c) **Claim After Service Rendered.** If a Claim received by the Plan Administrator is not covered under the Plan, the Plan Administrator will deny the claim and issue a written denial to the Provider and Claimant.
