Subject: RFP# 07-103, Crisis Intervention Services for Juvenile Probation
Department

The Purchasing Department received questions relating to the above referenced Proposal.

1. We would like to inquire on whether vendor/offeror needs to provide the facility in which the services will take place or if a space will be provided by the county.

Vendors shall be available to provide counseling and referral services at the vendor's facility or at an Agreed location (between the vendor and the Juvenile Probation Department) location.

As far as detained juveniles in the Challenge or Detention programs, the Detention Center is the preferred location.

2. We also would like to ask the projected annual hours for the staff to be provided and projected number of personnel that is needed under each bid.

Unable to answer. Service is on an as needed basis and unable to calculate number of hours needed to provide Services. Cannot dictate to vendor how many staff is needed.

3. Lastly, we would like clarification on whether these services are open to bid for agencies or whether they are for individual response only.

Open to all bids whether from agencies or individuals as long as specifications are met.
