Subject: RFP# 07-105, Full Battery Psychological Evaluation for Juvenile Probation Department

The Purchasing Department received questions relating to the above referenced Proposal.

1. We would like to inquire on whether vendor/offeror needs to provide the facility in which the services will take place or if a space will be provided by the county.

The vender would need to provide a facility for services and an office will be provided in the Detention Facility during an evaluation for detained juveniles only.

2. We also would like to ask the projected annual hours for the staff to be provided and projected number of personnel that is needed under each bid.

We are unable to give you any projected hours or staff that would be needed. The numbers depend on juveniles that are referred to the department. Year to date (October 2006 through July 2007) there were approximately 350 evaluations.

3. Lastly, we would like clarification on whether these services are open to bid for agencies or whether they are for individual response only.

The Bids are open for agencies and/or individuals that meet the qualifications.
