5. Are duplicate bills incorporated into your monthly count?

6. Do you have a PMB in place? If not, is the County open to using one?  
No/ No
7. The RFP indicates that there are approximately 130 open claims remaining with the current cost containment vendor. Would you please clarify if this is the number of workers' compensation claims being handled by your TPA or is this the number of case management or utilization review referrals currently open?  
It is the number of open workers' compensation claims.

8. Would you please provide the yearly average volume for the following services?

Medical Bill audit	4263
Peer review	48
Utilization review	0
Pre-Authorizations	336
Case Management Services	30
Rehabilitation Services	0
Pharmacy usage	1138

These volumes will help us determine if our proposal will total more than \$100,000, and therefore need to provide a cashier's check or bond with our proposal.

9. In determining the need to include a cashier's check or bond with our proposal, is the \$100,000 limit base on yearly fees or for the full three years of the total contract?

It is based on a yearly fee.

10. Would it be possible to get the responses to these questions by email rather than fax?
