ADDENDUM 1

To: All Interested Bidders
From: Lucy Balderama, Inventory Bid Technician
Date: August 7, 2012
Subject: Bid# 12-056, Telephonic Court Appearance Conference Services for the County of El Paso

The following information has been added to the specifications;

All infrastructure (cable, jacks, equipment) provided by the vendor must be identified and separated from any County infrastructure.

All vendors must describe and identify the size and type of pipe that will be used to support the services being provided (to dmarc) and the type and number of cabling required delivering services to the courts.

If coring of floors in IDF rooms is required due to limited space for vendor’s infrastructure, the vendor must core to allow for services to be delivered.

All vendors must provide detailed support structure that will be provided to the courts in case of equipment or service malfunctions.
