LOCAL ORGANIZATIONS UNITE TO OFFER FREE ASSISTANCE TO EXECUTE “MEDICAL WILLS”

El Paso County Attorney's Office and the University Medical Center of El Paso are partnering with the Housing Authority of the City of El Paso (HACEP) to promote the use of Advance Medical Directives (“medical wills”) in the community, particularly among the beneficiaries of public housing programs in El Paso County. The pilot program was created to inspire, educate and empower the public about the importance of advance care planning.

As part of the campaign to promote the use of the “living wills,” attorneys from the County Attorney’s Office, and volunteers from the University Medical Center will be offering free assistance regarding advance care planning and advance directive forms on **Thursday October 16, 2014**, from **2:00 to 4:00 p.m.** at the **Father Pinto Apartments, 1001 S. Ochoa St.** All residents of El Paso County are encouraged to come and get assistance drafting their advance directives forms.

Advance directives are legal documents that allow you to convey your decisions about end-of-life care ahead of time. They provide a way for you to communicate your wishes to family, friends, and health care professionals, and to avoid confusion later on.

A Directive to Physicians or Living Will tells how you feel about care intended to sustain life. You can accept or refuse medical care. There are many issues to address, including:

- The use of dialysis and breathing machines
- If you want to be resuscitated if breathing or heartbeat stops
- Tube feeding
- Organ or tissue donation
- Blood transfusions

A Medical Power of Attorney allows individuals to designate someone they trust to make health decisions if they are unable to do so.

As part of the program, the participating organizations will host similar events every month at different HACEP locations around El Paso. The events are open to the general public.
