ADDENDUM 1

To: All Interested Vendors

From: Oscar Avila, Procurement Data Analyst

Date: July 26, 2018

Subject: RFP#18-038, Provider of Prescription Drug and/or Dental Care Discount Cards for the County of El Paso

The following addenda has been issued to notify vendors of the responses to the following questions:

1. It appears the intent of the RFP is for Rx, but stated on the cover sheet Dental. Is this a dental and Rx RFP?

RESPONSE: That is correct, this RFP is asking for both Prescription and Dental.

2. Is there an opportunity for vision as well?

RESPONSE: The County may consider vision in a future RFP.

3. While the Rx cost and PBM fees are understood, the RFP references dental on the cover page, how are the payments to our organization rendered for the dental benefit? Page 8 clearly states payment procurement for the Rx portion of the benefit but not for dental.

RESPONSE: The RFP states under Section B., Program Fee; "...there will be no cost to the County, County taxpayers, or consumers to participate, including no requirements to pay the selected Proposer for services."
