### **MEMBERS TO ASSIST WITH NEW VETERANS COURT**

Benavidez-Patterson Chapter members have volunteered to assist Judge Angie Juarez Barill, 346<sup>th</sup> District Court, with her new and innovative idea to create an "El Paso Veterans Court Program."

In this new judicial venture, military personnel will be provided with the an opportunity to receive assistance with personal and medical matters that may have inadvertently affected their judgement in making a regrettable decision, which may have led to their run in with the law.

**Judge  
Angie Juarez Barill  
346<sup>th</sup> District Court**

**El Paso  
Veterans Court Program**

In this program, military personnel will be expected to meet all of the demands and expectations placed upon them but, upon successful completion, may have their cases dismissed and possibly even expunged.

A great and badly needed program that may just provide military personnel with that well deserved, second chance, to keep their records clean.
