Dear Commissioner Miguel Teran,

Please accept my apologies for disturbing your busy schedule. My name is Juan Ulloa. I have been a resident in the county of El Paso for 38 years. My fiancé and I are in the process of planning our dream wedding. I have always envisioned the gazebo, at San Elizario Mission, as the location for the wedding ceremony. My grandparents were lifelong volunteers at the Mission. Since my grandparents have passed on, it would also be my personal way of having the memory of my grandparents as part of the ceremony. My parents will also be absent from our special event. I would like to request your permission to use the gazebo area for our wedding ceremony. We are planning our wedding for the 7th day of February of 2009. We would also be more than honored if you could attend. We patiently await your response and hope our dreams will come true. Thank you for your time.

Sincerely,

Juan Ulloa & Sabrina Diaz
