## ADDENDUM 1

To: All Interested Proposers

From: Claudia Sepulveda, Bid Clerk/Buyer

Date: March 3, 2006

Subject: Bid #06-009 PBX Upgrade and Voice Mail Migration for the Juvenile Probation Department

---

The Purchasing Department received questions relating to the above referenced proposal. The Communication Center has responded to the following questions:

1. Will the County allow access, either electronic or physical, to the PBX at the Juvenile Probation facility to perform an inventory and determine level of software revision currently in use? If electronic access is granted, we will need a temporary password, modem number and communications parameters (modem baud rate, start and stop bits).

**We (the County) do not maintain their equipment. They have a time and materials agreement with a maintenance provider. The information they need can be provided to them via e-mail if that is acceptable. If not they will have to make an appointment with JPD and the maintenance provider.**

**The attached information is available in an electronic format upon request.**
