Subject: Bid #06-036 Anger Management Program for the WTCSCD/Adult Probation Department

Please note that the following change needs to be made to the specifications. Caroline Martinez needs to be added to the list of person (page 39) that will be making recommendations to Commissioners Court.

The Purchasing Department received questions relating to the above referenced proposal. The Adult Probation Department has responded to the following questions:

1. On page 11 of the bid Program Response #8 it states, "Previous experience with CSCD or County is only relevant in funds were awarded to the Bidder to provide contract services and a quality assurance audit was conducted." Could you please clarify this statement? Does it mean if the bidder was awarded a bid or specifically "funding" from the County to provide services?

A Bidder may only reference previous experience if:

- a. CSCD awarded a monetary contract to the Bidder through a bid process to provide a specific service to an offender population; or
- b. County awarded a monetary contract to the Bidder through a bid process to provide a specific service to an offender population; and
- c. A representative from the CSCD and/or the County conducted a quality assurance audit to evaluate the services provided by the Bidder.

If a Bidder did not receive funding through a contractual relationship with the CSCD or the County then the Bidder must reference other experience working with clients in the criminal justice system. If the Bidder received funding through a contractual relationship with the CSCD or the County, but the quality of the services provided to the CSCD or the County was never evaluated, then the Bidder must reference other experience working with clients in the criminal justice system.
