Subject: Bid # 07-039, Removal of exterior Walking Surface Surrounding the County Courthouse

The Purchasing Department received questions relating to the above referenced proposal.

1. Clarify procedures for temporary barricade and protection.
The vendor shall provide and arrange appropriate barricades to block off the area they are working on and provide the necessary protection from flying debris and dust emission during the demolition process.
2. Clarify procedures for traffic and pedestrian control.
The vendor should plan and schedule the work in a manner that causes the least amount of disruption to County business. At no time should pedestrians be forced to walk on the street to pass an area, and at no time should the entrance to the County Courthouse be blocked. There must be a path of a minimum of 60" for pedestrian traffic to walk.
3. Upon removal of waking surface, clarify extend of final finish desired.
The vendor shall remove the walking surface and dispose of all debris, including sweeping and disposing of the accumulation of dust and small particles, leaving the concrete clean. The company shall make every effort to remove the walking surface in a manner that does not damage the concrete surface underneath.

4. Who will obtain the forms for permits and notifications?

The vendor is responsible for obtaining all necessary forms, permits, notifications, and completing any other procedures or processes applicable for this type of work in accordance with local ordinances. The vendor is responsible for complying with all local, state, and federal laws, codes, and/or ordinances at all times, that pertain to the work being performed.
