ADDENDUM 1

To: All Interested Proposers

From: Linda Gonzalez

Date: September 7, 2007

Subject: Bid # 07-112, Lighting System for the Ascarate Golf Course Driving Range

The Purchasing Department received questions relating to the above referenced Proposal.

1. Does the scope of the work include installation of the lighting equipment or is it for lighting equipment only?

Installation is part of the scope of work.

2. It indicates a number of fixtures but there is not any indication of desired lighting level or area to be lit. All lighting fixtures perform differently as some are more efficient than others would you like to specify a lighting level or have the manufacturer indicate what lighting level they are providing for the specified area?

The driving range is 800 ft. long. It is 220 ft. wide at the base where the golfers stand. It is 258 ft. wide at the end of the range where the balls land. The lighting must effectively cover this area. We prefer the manufacturer indicate the optimum lighting level for the driving range.

3. Are the lighting levels to be guaranteed for the life of the system, 25 years, so the County is assured they are providing for the specified area?

Vendor should specify the guaranteed lighting levels of the system and any conditions that are required to maintain the guarantee.

4. Is there a warranty period? 25 years including lamp replacement and 1 group relamping at the end of the useful life of the lamp is available?

Vendor should specify a warranty period in the bid.

5. Are plans available for this project?

There are no plans for the project. Vendor is responsible for developing any plans needed for the project.

6. Are there any specification on this project besides the one's that were provided?

Vendors are encouraged to visit the site if at all possible. After a site visit, the vendor can bid on any specifications that meet or exceed the specifications provided in the Bid. Vendors need to check in the parks office next to the club house for safety purposes. Located at 6900 Delta, El Paso TX. Please do not ask any question about the project deadline for questions has already passed.
