ADDENDUM 1

To: All Interested Proposers

From: Linda Gonzalez, Inventory Bid Technician

Date: November 27, 2007

**Subject: BID # 07-155, (Re-bid) Voice Communications System
for the Sheriff's Office**

The Purchasing Department received questions relating to the above referenced proposal; the response to the following questions:

1. Will you please elaborate on Item #3: Programming provided upon award of bid?

The radio freq programming will be awarded, so that the radios may be programmed before shipping if needed.

2. Reference to Item #6: Must be upgradeable to trouncing capabilities. It is recommended that the trunking be included, as a cost to upgrade is expected to be more costly as well as logistically time consuming for removal of radios for shipping to manufacturer to upgrade.

We are only asking that the radio be capable of being programmed to trunk. We do not have a projected date on when we would need the trunking.
