Estimated volumes listed are provided for pricing purposes where no volumes were provided. These are based on comparable equipment/departments. The County may wish to increase or decrease these volumes and use the per page rate provided.

Per page rate of \$0.007 may be used for all equipment/departments where the rate is noted.

Overage rate of \$0.008 may be used for all equipment/departments where the rate is noted.

Minimum contract rates are specified for certain equipment/departments. These minimum rates supersede the per page rate of \$0.007 as a bottom figure for a contract on this particular machine.

Pricing is based on Solvport winning service to at least 90% of the units. Solvort requests a lead time of at least 45 days from the execution of the agreement before implementing service. Pricing to the units is a blended flat per month rate at \$210 or annualized at \$2,520.
