ADDENDUM 2

To: All Interested Bidders

From: Lucy Balderama, Inventory Bid Technician

Date: January 19, 2011

Subject: BID # 10-097 - Rebid-Solid Waste Removal/Lot Clean Up Campaign

- **Bid opening has been rescheduled for Wednesday, February 17, 2011 at 2:00 p.m.**

The Purchasing Department received a question relating to the above referenced proposal; the response to the following question:

1. Who will be gathering the waste to the curbside at each location? Is that done by the contractor who is assigned the contract? Or is the contractor only responsible for removing and disposing waste from each of the 5 locations?

This is a community cleanup campaign. The homeowner will be responsible for cleaning their own property and gathering the waste to the curbside directly in front of their property. The contractor will only be required to pick up the waste from the curbside of each property and dispose of it properly.

2. By when does the project need to be completed?

After surveying the size of the colonia, we prefer that the contractor provide a schedule of feasible collection dates and times to be completed within a 4-month period. We need a one week advance notice time of expected pick up dates to notify colonia residents so that they have sufficient time to gather the waste to the curbside. We envisioned having Saturday pick up campaigns (i.e. one designated Saturday for each colonia)

3. Who will notify residents of clean up dates and times?
Upon receiving a pick up schedule with a one week advance notice, County staff will notify residents of the clean up dates and times.

4. Who will provide residents guidelines for clean up?
County staff will provide residents the guidelines for clean up.

5. Is there a limit on how much trash each occupied lot will be allowed to set out for pickup?
There is no limit on the amount. However, the type of waste is limited to the non-hazardous waste that was including as part of these specifications. This notice will be provided to the residents by County staff.

6. Can the County extend the bid due date by 30 days to allow additional time to research and gather information by surveying each colonia?
Bid opening will be extended 3 more weeks.
