### ADDENDUM 1

To: All Interested Bidders  
From: Lucy Balderama, Inventory Bid Technician  
Date: November 26, 2012  
Subject: BID #12-077, Lease of Unmarked Police Vehicles for the County of El Paso

---

**The Purchasing Department has received the following question in regards to the proposal mentioned above:**

1. Is the County expecting a monthly invoice by car at the daily rate OR would they accept a fixed monthly payment that would cover all 20 vehicles and they are free to exchange per the bid requirements?

**Response: We normally get a monthly invoice per car as when we change the vehicles out sometimes it is in the middle of the month and this can be so noted on that vehicles statement. We do not do daily as our bid is for a monthly price. Daily would be too expensive.**

2. Will the County be responsible for registering the vehicles in the event of a vehicle being burned IE identified as a police car?

**Response: We do not register these vehicles. The vendor does. However when a vehicle gets burned we swap it out with the vendor at no cost.**

3. Who will be responsible for the difference in cost for the vehicle used to replace the burned vehicles ?

**Response: The contract should state that burned vehicles are replaced as soon as the vendor can and then we just get another leased vehicle at the rate quoted in the bid, which will be the same as the previous vehicle.**
