ADDENDUM 1

To: All Interested Proposers

From: Lucy Balderama, Inventory Bid Technician

Date: August 27, 2013

Subject: BID# 13-049, Paving Asphalt Emulsion for the County of El Paso Road and Bridge Department

This addendum has been issued to notify vendors of the following questions:

1. You are asking for one price per gallon for your emulsion on page 4 of the bid document, however, on page 6 and 7 it asks for 4 different emulsions. These emulsions have different cost/price. Could you please provide a breakdown price sheet of each grade of emulsion?

Response: As stated on page 6, supplier shall only provide cost per gallon for product HFE-90/60. Specifications provided for reference.

2. It is implied on page 7 that the emulsions listed are "High Float Polymer Modified," Neither AEP or ASS-1P meet this class of emulsion. This creates a conflict. Would you please clarify?

Response: As stated on page 6, supplier shall only provide cost per gallon for product HFE-90/60. Specifications provided for reference. (Disregard specifications for AEP and ASS-1P)

3. Is a bid bond required?

Response: No. Bid bonds are only required on construction bids.
