**"Strengthening Families Program"
for the 65th District Family
Intervention Drug Court**

RFP #14-001

**Opening Date
Tuesday, February 4, 2014**

BACKGROUND

The 65th District Family Intervention Drug Court Program was developed in 1999 and the Family Preservation Drug Court in 2005. The focus of the Family Drug Courts is to reunify families and maintain a drug free life. The program provides collaborative and coordinated case management and treatment services to parents who have had their children removed or those at risk of having their children removed through the civil court process due to an open case with Child Protective Services. The mission is to provide parents the tools for a sober life and ability to accept the role of a parent. The Program is divided into three phases with an aftercare phase, each with a set of specific requirements for successful completion, and closure of their CPS case.

PURPOSE

To provide “Strengthening Families Program” (evidence based program or similar program) to parents and children involved in the Family Drug Court. The program will assist the families in becoming stable, and more effective in their roles as parents, sons/daughters, and avoid further involvement with the CPS System and substance use and abuse. Vendors must be able to adequately provide quality services to parents and children with complex issues presented by substance abuse, neglect, physical abuse, adolescent issues and provide the families considerable flexibility in the design and delivery of strength based interventions.

SCOPE OF WORK

Vender must use the nationally and internationally recognized parenting and family strengthening program for high-risk families (or similar curriculum). Strengthening Families Program is an evidence-based family skills training program found to significantly reduce problem behaviors, delinquency, and alcohol and drug abuse in children and to improve social competencies and school performance. Child maltreatment also decreases as parents strengthen bonds with their children and learn more effective parenting skills. Most sessions will be held at the vendor’s place of business. The Vender will provide case management sessions and/or in home sessions under special circumstances determined by the drug court staff.

Vendor must have been in the business of providing family and substance abuse counseling for individuals and their families for a minimum of three (3) years. Vendors must have a business location within the El Paso County limits, or intends to establish an El Paso County office location within 30 days of award. All services must be provided by licensed, trained and experienced counselors. The counselor/facilitator must be certified in the Strengthening Families Program (or related program) and at least two (2) years of experience.

The Vendor shall offer services to participants in their language of literacy and level of understanding (parents and children). Languages should include English and Spanish.

Vendor must implement the “Strengthening Families Program” Curriculum (or similar curriculum).

Vendor shall meet with Drug Court team on a weekly basis for court staffing.

Vendor shall meet with Drug Court team on a quarterly basis to address any issues that may hinder the effectiveness of treatment services being provided.

Vendor shall submit a typed progress report to Drug Court staff two days before each court hearing. Court dates are scheduled every second and fourth Monday of each month for Preservation Drug Court and every Thursday for Intervention Drug Court. Vendor will receive reminders of deadlines. Failure of vendor to submit progress reports before a scheduled hearing will result in non-payment for services.

Vendor shall submit progress reports to the Drug Court Coordinator/Case Manager that incorporates information necessary to make an acceptable determination of family's progress or lack of progress at each staffing. Vendor will be responsible for informing clients of limited confidentiality issues regarding progress or lack of progress. Vendor will be obligated to report to the Drug Court staff any active drug use.

Vendor shall provide an additional plan for any areas in which the family is not progressing. This plan will be created with family, and team input with copies being distributed to all parties.

Progress must be based on specific measurable objectives, observable changes, and demonstrated ability to apply changes in the family's current situation.

Vendor shall provide services in the evenings and on weekends to accommodate school age children and working participants in the Drug Court program. The program will provide 14 sessions at 3 hours each.

Vendor shall provide a pre and post test to be completed by the participant during intake and discharge of program. Results of the tests will be provided to the Drug Court Coordinator and/or Case Manager for determination of progress.

Vendor shall provide a service plan to the Drug Court for each family that identifies the parents and/or family's strengths and needs. The service plan will be prepared during the intake session of the program. The plan must identify goals and objectives that are measurable and functionally defined towards recovery and/or rehabilitative outcomes. Goals must be developed in conjunction with the referred parent as well as identify coordination with the Drug Court staff. Service plan must be typed and signed by the provider and the participant.

Vendor shall provide an exit plan/summary for each family and should be initiated upon admission of services. The exit plan/summary must identify if the discharge is successful or unsuccessful. Determination of discharge type (successful/unsuccessful) shall be based on an objective, quantified and measurable outcome. Exit plan/summary shall include a summary of goals met/unmet as well as identify what community resources and/or natural supports have been developed to sustain success. A post test must be administered to identify gains in the parent's functional assessment as well as to determine progress, strengths, continued difficulties, and/or ability to sustain goals identified. The exit plan/summary must be typed and include the provider's and participants signature.

The Vendor must attend scheduled staffing set prior to each court hearing and prepared to discuss participant progress or lack of progress.

Vendor shall provide the typed progress report to the Drug Court staff within two (2) days of scheduled staffing. The progress report shall identify progress or lack of progress that is based on clearly specified objective criteria, refusal or failure to attend or participate in treatment, failing to abide by the participants service plan and/or contract, or any disclosures regarding issues shall be clearly documented in progress records. A progress report may also be requested at anytime by the Drug Court staff and vendor shall provide the progress report within 2 days of request.

Vendor will provide the Strengthening Family Program Curriculum (or similar curriculum) to the Drug Court staff. The sessions should include all the critical core components of effective evidence-based parenting programs including: parent and child practice time in the family sessions learning positive interactions, communication, and effective discipline.
