ADDENDUM 1

To: All Interested Proposers

From: Araceli Hernandez, Inventory Bid Technician

Date: August 28, 2014

Subject: RFP# 14-044, Recreation Management Software for the County of El Paso

This addendum has been issued to notify the vendors of the following questions:

1. On Page 7 – the Purpose Section; it states the County is requesting a Windows based Client/Server application. Is this the only option the County is considering? Or, would a Cloud Based – Hosted Solution be considered as well?

Response: The client/server application is just an option, as the county will consider a host-based solution.

2. On page 8 of the RFP, Section C. Statement of Qualifications, the RFP references “Proposers shall complete their responses in Exhibit A.” Could you please advise where Exhibit A is? I cannot find it.

Response: Exhibit A is labeled as “Attachment 1.” It consists of a spreadsheet that addresses each of the “Functional Requirements.”

3. The RFP notes that currently there are 25 sites each with 5 users utilizing the recreation software. With the new system, how many anticipated concurrent staff users will there be?

Response: Anticipated concurrent staff users is 75.
