### ADDENDUM 1

To: All Interested Bidders  
From: Lucy Balderama, Inventory Bid Technician  
Date: February 22, 2016  
Subject: BID #16-010, Equipping Eleven (11) 2016 Ford Explorer Police Utility SUV's

---

---

**This Addendum has been issued to notify all vendors of the following questions:**

1. In bid 16-010 it states under Qualifications that; "The responding company must have been in the business of equipping public safety vehicles for the period of two years." Does our work for the past five years on various side-by-side ATVs, Mine-Resistant Ambush Protected (MRAPs), High Mobility Multi-Purpose Wheeled Vehicles (HMMWVs) and Command and Control vehicles for use by the US Military qualify us for this contract since these types of vehicles are in use by numerous public safety agencies at the city, county and state level here in Texas?

**RESPONSE: Yes. This qualifies the vendor based on the fact that numerous Law Enforcement Agencies across the Country have Mine-Resistant Ambush Protected (MRAPs), High Mobility Multi-Purpose Wheeled Vehicles (HMMWVs) and Command and Control vehicles that were originally used by the US Military, but now are integrated within Civilian Law Enforcement Agencies. The County of El Paso also have some HMMWV that were formally Military equipment/ vehicles.**

2. Do you have the model of the Toughbook computer that you will be using on these vehicles? We will need it to ensure that we get the correct computer dock.

**RESPONSE: Please refer to the specifications on the bid packet on page 10, # 13.**
