### **ADDENDUM 1**

To: All Interested Bidders  
From: Lucy Balderama, Procurement Data Analyst  
Date: August 29, 2017  
Subject: BID #17-040, Supplies for 100,000 tons of Commercial Base Course Materials for the County of El Paso

---

#### **The following questions were submitted to the Purchasing Department:**

1. On bid form, page 7, Base Bid I: The vendor shall provide base course material that shall comply with TXDOT Type A Grade 3:

Physical Properties: As per table 1 of the latest edition (2014) TXDOT Item 247, no minimum Plasticity Index or Liquid Limit is required only a maximum value. A maximum Plasticity Index of 12 and maximum Liquid Limit of 40 for Grade 3 base course is all that is shown in Table 1. Please correct bid form to reflect as shown in Table 1 of Item 247. (See 2014 Item 247 Table Attached)

**Response: The table illustrated is intended to depict El Paso County preferences, but the bid item does identify that it shall comply with TXDOT Type A Grade 3 spec in accordance to Item 247. Vendor may include minimum Plasticity index and liquid limits, but will not have any determination on the bid selection.**

2. On Bid Price Sheet page 8; Alternate Bid # 1-Recycled Concrete Base Course Material Description reads (Single Chip Seal) this is incorrect description should read ( TXDOT Item 247 Type D Recycled Concrete Base Course ) As per the latest edition 2014 see attached specification will El Paso County Purchasing revise this item? Is that correct? Should it actually be "Recycled Concrete Base Course Material"?

**Response: Bid Price Sheet on page 8; Alternate Bid #, Bid Item should state Recycled Concrete Base Course material. Attached Price Sheet has been updated.**

3. Is a Builders Risk Policy, Bid Bond, Performance & Payment Bond required as noted on page 16?

**Response: No. They are not required as this is a bid for material and not a construction project.**

**BID PRICE SHEET**
